

SCREAMING SHELLS SING LULLABY FOR SHANGHAI'S WAIFS

'Wolf Children' of Ruined City Baptised With Cholera Disinfectant

By JAMES A. MILLS

SHANGHAI. (AP)—The population of war-ravaged and terror-stricken Shanghai is increasing by an average of 700 births a day, according to figures issued today.

With demolition bombs and Howitzer shells supplying their first lullabies, most of these war-waifs are born in Shanghai's alleyways, gutters and cellars.

Cradled in mud and dressed in newspapers, they present a truly pitiable spectacle. Backyard cats and barnyard dogs fare more fortunately in giving birth to their young than do the fear-crazed,

famished Chinese mothers who have been driven from their wretched mud hovels and straw huts by Japanese bombs and now are ravaged by cholera, beriberi and other diseases.

Some of them, with their starving, shivering broods, make their homes on shelves in empty stores, sleep in coffins or live in the ruins of blasted buildings.

Every day I have seen pitiable processions of these homeless, destitute war-mothers bearing new-born infants, mere fragments of humanity, to clinics where they are baptised with cholera disinfectant. Too weak to sustain life and too poor to shelter their young,

many of these forlorn mothers leave their infants furtively on the doorsteps of American and other foreign householders.

Others deposit their mites of babies in baskets especially placed outside of such institutions as "The Door of Hope," run by the Catholic Sisters of Mercy.

More desperate mothers hurl their young in the river or leave them on garbage heaps outside the international settlement.

Those babies who survive the horrors and rigors of war eventually become what are called "wolf children," who infest dark lanes and gutters.

Many of these "wolf children" eventually find their way to a children's home conducted by 70-year-old Maud Truxton Henderson of Richmond, Va., who has rescued 250 children from the streets.

When I visited this home—which is on the very edge of the war zone—shells were falling all around, but this gallant southern woman, who has dedicated her life to China's poor, refused to leave.

"If any of these helpless tots die from Japanese bombs," she said, "I must die with them."

Miss Henderson receives no help whatever from the United States for support of her orphanage, depending entirely on benevolent Chinese for funds.

Is it all right for one class of citizens to violate parking rules and unlawful for another, or was the law intended to apply to all, irrespective of position or "pull" or social standing? And that's what a policeman sometimes wonders, and occasionally asks me. Comes right up and says, "Judge," as if, and then pours a little grief into an already troubled ear. And I say if you got a bunch of tickets, and can write, and the time limit has expired, why, put the heat on 'em. You got to get some people mad before they understand what's going on.

Hiding somewhere in the Kaibab forest is a herd of deer, and Johnny Martin, Dick Bird and Chief of Police Howard would like to catch up with them. Howard is willing to act as the arresting officer, Bird is ready to fly into them, and Martin is prepared to deliver the lead. This triumvirate of hunters is en route to the famous forest for game. My order for a little venison has been filed. I hope it will be delivered.

Forrest Jones, who left town without my permission and returns the same way, sort of an independent attitude, but I must admit beyond my jurisdiction, invaded the city made famous for its bridges, earthquakes and Chinatown. Give you three guesses to name the place. I was there once, out to the Cliff house, and about the only thing I had to cling to was my overcoat.

It's open season on candidates. Some of them are being shot out of the picture, and some of them shot out of it. I'm a poor marksman, so I just quit shootin'.

How big is a mosquito? It depends upon what state you come from, according to Everett Miracle. He said a Wyoming newspaper man wrote a story once which received national recognition. The editor said a farmer lost two horses and went to look for them. He found the mosquitoes had eaten one of the horses and were pitching horseshoes to decide what disposition to make of the other.

Rancher comes in to put his head on my shoulder, so I start to cry, too. That stopped him. He thought he was all alone in his grief. He wanted the weather to cooperate with him during the rest of the 1937-38 season, and in that respect he had my sympathy. But if you can tell me what the weather is going to do I can tell you what kind of an orange crop you are going to have.

Child Bride's Mother Defeats Fraud Charge

STATEMENT ON AGE NOT AN OFFENSE

Local Ruling Changes Girl Wedding Status

Mrs. Lou Kilpatrick, mother of a 12-year-old child bride, was free today from criminal charges.

This decision, which may be far-reaching in its effects on child marriages in California, was handed down yesterday afternoon by Superior Judge James L. Allen.

Mrs. Kilpatrick, Ontario resident, was freed on her demurrer to a criminal information filed against her in superior court. The demurrer was on the ground that the complaint did not state a public offense. Mrs. Kilpatrick signed approval of the marriage of her 12-year-old daughter, Gladys, here in 1935. Gladys gave her age as 16 at the time.

A parent's consent to marriage of a minor, Judge Allen said, is not required by law to affirm information given in the license application.

Neither must the application be sworn to, these being at the discretion of the county clerk. Since they are not required by law, Judge Allen held, no offense has been committed.

Prosecution, under charges of contributing to the delinquency of a minor, still is being considered by Assist. Dist. Atty. Preston Turner, he said today. Minors also could be held for stating false ages under the juvenile court law, he opined.

GIRLS DISCOVER MYSTERY BONES

Discovery of two mysterious bones, partly covered with what may be human flesh, today had started conjecture as to a possible ocean-shore drama near San Clemente.

The bones were found on the beach a week ago by two Doheny Park girls—Mary Lou Klumner and Barbara Page, both aged 13—but no report was made until today when Mrs. Louise Klumner of the Dew Drop Inn at Doheny Park called a San Clemente undertaker and the sheriff's office.

Deputies G. F. McKelvey and R. Lutes who investigated said observers think the bones may be from a man or woman, although they appeared too short for human leg bones.

Dr. Elizabeth W. Tock is studying the bones, in an attempt to classify them.

Whale Attacks, Damages Ship

SEATTLE. (AP)—A wounded whale charged and rammed the whaler Unimak of Seattle and dented her steel plates, Capt. A. M. Persenson, skipper and gunner, said today upon returning from a six months' cruise in Bering sea.

Persenson said he fired a harpoon into the 70-foot whale, wounding and infuriating it without striking a vital spot. The whale plunged for the ship which staggered under the impact.

The five-eighth inch steel plates on the port side showed a six-inch dent when the Unimak arrived here with the Aberdeen and Paterson, two other vessels of the American Pacific Whaling company's fleet.

KILLER RIDES THREE DAYS WITH BODIES

Doctor and Wife Murdered By Youth

NORTH ARLINGTON, N. J. (AP)—The bodies of an elderly physician and his wife, beaten to death with a hammer in Maine and then driven leisurely through the New England states to New Jersey by a high school boy, were found today in a parked automobile.

The boy, Paul Dwyer, 18, who had stopped the machine with its gruesome cargo to get some sleep, confessed the double slaying, Bergen County Prosecutor John J. Breslin announced.

The victims were identified as Dr. John G. Littlefield, 67, and his

Woof! Woof! Dogs Open S. A. Show

Such a yapping and woofing! Pooches of every conceivable breed and size filled the spacious armory building on West Fourth street this afternoon as the Santa Ana Kennel club's third dog show got under way. It is sponsored by the American Legion auxiliary.

Great champions from Europe eyed dogs of similar breed produced in America, as they started to strut their stuff for the judges this afternoon.

All hands and toy breeds were to be judged this afternoon, except Pekingese. This afternoon's judging also was to include all sporting dogs. At 7 p. m. obedience tests will be given, and at 8 p. m. judging on all non-sporting dogs will take place.

Judging will continue tomorrow, with Great Danes and Pekingese being judged at 10 a. m., all work breeds except Great Danes at noon, all terriers at 3:30 p. m. and

HEART ATTACK ENDS VISIT

J. D. McCann, sales manager of a Long Beach ice company, was visiting a friend, Miss Bonnie Parrish, at Anaheim Landing last night. They chatted amiably for an hour or so.

Then McCann suddenly gasped, clutching at his heart and lurched to the floor—dead.

The heart attack came without warning and produced instant death, Coroner Earl Abbey indicated after an investigation.

McCann was 37 years of age and lived at 734 South Louis street, Long Beach. His body was taken to Dixon funeral home, Huntington Beach.

Dog lovers from all parts of Southern California, including moving picture notables and others, are expected to crowd the show place tonight and tomorrow.

WILSON GIVEN NYA ADVANCE

President Franklin D. Roosevelt today dropped a nice job in the lap of an Orange county man.

He is Robert L. Wilson, who went to Los Angeles to assume a position as administrative assistant in charge of student aid in Los Angeles, working with the National Youth Administration program.

Wilson has been district director of the NYA activities in Orange county, with headquarters in the Ramona building, Santa Ana. His promotion to the bigger job was approved by President Roosevelt. The appointment is effective today. M. E. Barnhill will succeed Wilson here.

MANGLED MEN BROUGHT TO SURFACE

Rescue Crews Fight Poison in Alabama Pit

BIRMINGHAM, Ala. (AP)—A terrific explosion killed 33 trapped men deep in Mulga coal mine near Birmingham early today.

Rescue crews battled heroically through smoke and dangerous gases to bring out the blackened and mutilated bodies.

Only one elbow of the mine was affected. Had the blast occurred near the mine entrance, all of the 350 workers at Mulga would have been trapped.

Mangled and burned, the bodies were brought up from the depths on coal cars. Approximately 500 spectators, including distraught wives, children and parents, watched the grim proceedings.

The detonation was heard in sections of Birmingham, more than 12 miles from the scene. Fire Marshal Sam Williams blamed coal gas for the blast.

Forrest Kelley, a miner, was first to reach his stricken fellow workers.

"Some of them must have been killed by 'black damp,'" he said. "They might have been saved if they had remained in a small pocket which was not demolished."

Many of the victims were covered by debris and identification was difficult.

U. S. ACCEPTS PARLEY BID

WASHINGTON. (AP)—The United States formally accepted today an invitation to participate in the nine-power treaty conference over the Far Eastern crisis at Brussels.

Secretary Hull, in announcing the acceptance a few minutes after the Belgian ambassador had delivered the formal invitation, told his press conference the delegation probably will sail the middle of next week.

The original nine treaty signatories besides the United States and Belgium are the British Empire, France, Italy, The Netherlands, Portugal, China and Japan.

U. S. PEACE MOVE PLANS OUTLINED

WASHINGTON. (AP)—"Peace-by-agreement" between China and Japan stood out today as the primary objective of the United States at the nine-power conference late this month.

This policy, outlined yesterday by President Roosevelt at Hyde Park, N. Y., will form the basis of instructions to the American delegation.

The President indicated plainly the United States intends to propose that the conference attempt to mediate the Sino-Japanese conflict by seeking agreement between them to end hostilities and to strive for a peaceable adjustment of their difficulties.

Risks Job To Aid Injured Dog

A compassionate Orange laborer risked losing his job yesterday—all because of the wail of a stricken dog.

Raymond W. Richmiller, 327 North Grand street, Orange, was hurrying back to work at the end of his lunch hour. As he passed Highland and Main streets, a little dog

he quickly stopped and found a Pomeranian puppy crying in pain. Already nearly late to work, Richmiller bundled the dog in his car and sped to a veterinarian.

The puppy, ironically named Troubles, belonged to Harry E. Switzer, 1714 South Sycamore street. Switzer had just put a carpenter to work building a pen for Troubles in the garage, but the pen won't be of much use now. Because the dog died before it reached the hospital.

Richmiller arrived at work nearly an hour late. He could have made it on time if he'd left the dog dying in the street—like several Santa Anans have recently. But if he hadn't stopped, the Orange laborer probably would still be hearing that painful wail.

Mobster to Face Murder Charge

INDIANAPOLIS. (AP)—Prosecutor Herbert M. Spencer said today that James Dahover, alleged "trigger man" of the wiped-out Brady gang, may be arraigned in criminal court Monday on a new indictment charging him with the murder of Richard Rivers, Indianapolis police sergeant, last year.

COMMITTEE ORDERED TO TAKE PART

Washington Session May Bring Reunion

DENVER. (AP)—The American Federation of Labor accepted today the CIO's proposal for a peace conference Oct. 25 at Washington, D. C.

The federation executive council addressed the following telegram to Philip Murray, chairman of the CIO peace committee:

"The committee of the American Federation of Labor composed of Vice Presidents Harrison, Woll and Bugnizel will meet your committee Willard hotel, Washington, D. C., Oct. 25, 10 a. m."

William Green, A. L. of L. president, said he regarded the CIO's proposal as "a full and complete acceptance of the proposition made by the A. F. of L. during the past two years."

When the federation suspended 10 rebel CIO unions, the executive council named a special committee headed by George Harrison, president of the Railway Clerks, to try to make peace.

G. M. Bugnizel, secretary of the Electrical Workers, was substituted for Felix Knight, president of the Railway Firemen, because Knight cannot be in Washington, Oct. 25.

Matthew Woll, vice president of the Photo Engravers union, is the third member.

Green emphasized that the peace conference would be held "without conditions or stipulations." The A. F. of L. turned down two CIO proposals this week because federation leaders interpreted them to mean that the A. F. of L. should go into the conference recognizing the CIO had been right in labor's big civil war.

Murray's proposal today, calling for a conference "with or without conditions," changed their position.

Union Protests Court Order

SAN PEDRO. (AP)—The San Pedro district council of the maritime federation of the Pacific Coast was on record today as protesting a court order restraining San Pedro Longshoremen from affiliating with the C.I.O.

The council so voted last night and began making plans for a protest meeting Oct. 28.

Orange Juice For Growth

By BRADEN FINCH

A growing youngster needs orange juice to give him enough vitamins, and a growing city needs industrial payrolls to supply it with people and cash for prosperous expansion.

That's why Santa Ana business men should make a stout effort to get the Mutual Orange Distributors to build its proposed new canned juice factory here.

That juice factory would bring some of the new families and money that Santa Ana needs to reach 100,000 population by 1950.

S. A. WOMAN DEMANDS \$100,000 FOR FACIAL DISFIGUREMENT

SUIT BASED ON CAR-RAIL COLLISION

Wife of Dr. Loman C. Adams Is Plaintiff

One hundred thousand dollars for permanent disfigurement of her face was asked today in a superior court suit by Mrs. Loman C. Adams of Santa Ana against the Santa Fe Railroad company. Total damages of \$131,818.48 are demanded by her and her husband, Dr. Loman C. Adams.

A collision between the Adams' auto and a Santa Fe train southeast of Tustin, Oct. 17, 1936, caused the suit. The railroad company, the complaint charges, was negligent in not posting warning signals to show there was a train approaching.

Dr. Adams asks \$25,000 general and \$596.43 special damages for his injuries; Mrs. Adams asks

Movie Engineers See Actual Operation of Television

NEW YORK. (AP)—Television on a screen came out of the laboratory temporarily last night to show members of the Society of Motion Picture Engineers how far it has gone.

While the images it reproduced were somewhat dim, it did indicate some of its possibilities by putting them on an area three by four feet.

The apparatus was operated under actual broadcast conditions, displaying a 35-minute studio show of both live talent and films, in its first semi-public demonstration. In a test last summer before the Institute of Radio Engineers there was only a still picture without transmission.

The projector, which uses a special cathode ray tube and other

\$100,000 general and \$5708.55 special damages for injuries to her head and face, and damage to the Adams' car is placed at \$513.50. Conductor F. H. Kelly is named as co-defendant with the railroad.

TWO JAILED IN LOCAL RING RACKET

Two attempts, one of which was successful, to work the "ring racket" that started a fortnight ago with several Orange county service station dealers as victims, today had led to the arrest of two Los Angeles men in San Clemente.

George Keeland, 37, and James McCollister, 45, were held on drunk charges after a general broadcast described the car they were driving as the one used in attempts to pawn "phony" diamond rings for several dollars.

The men assertedly stopped last night at a service station at Seventh and Main where F. S. Greenman said he refused to accept the ring. He notified police the men had proceeded south on Main street, and they were picked up at San Clemente an hour later. They reportedly confessed to pawning a ring with a Costa Mesa filling station operator in exchange for \$2.10 worth of gasoline. The ring was valued at 25 cents.

The sheriff's office requested any other victims who may be acquainted with the scheme to notify either the sheriff's or district attorney's office immediately in an attempt to curb what they termed a rapidly growing petty theft racket.

HOG RANCH LAW'S TEETH FILED DOWN

Interpretation of the county's land use ordinance was drastically changed today, as Presiding Superior Judge H. G. Ames handed down another decision against the county in its long war against garbage-feeding hog ranches.

Judge Ames yesterday afternoon affirmed judgment of Justice Chris Pann of Huntington Beach township, who had sustained a demurrer by attorneys for the L. and N. Feeding corporation, whose big Talbert hog ranch started the controversy early last summer.

The clause of the ordinance which prohibits maintenance of a hog ranch within 500 feet of a dwelling, Judge Ames ruled, prohibits only feeding of garbage within that limit. Therefore, he continued, the feeding pens and not the outside boundaries of the property must be taken as a measuring point to determine possible violation of the ordinance.

Thus the county lost again. Its first hog ranch ordinance, used against the L. and N. firm last July, was thrown out as unconstitutional by the fourth district court of appeals. It was repaired, but a court test of the amended law still is lacking.

Becomes Voter, Gets Reward of Night Club Visit

WORCESTER, Mass. (AP)—Mrs. Emma J. Jones, 56, is a voter for the first time today and as a reward is going to see a night club. She registered last night and said she had failed all these years because she thought it cost money. As a reward, Ralph C. Willoughby, political party worker, offered her choice seats to hear a senator speak here and at a special banquet tendered voters over 85 years old.

"I'd rather go to a nightclub," she said.

Willoughby promised her the night club.

Will Chapin, Cartoonist, Dies

HOLLYWOOD. (AP)—Funeral services will be held Monday for Will E. Chapin, 80, versatile character whose cartoons on free silver once brought this praise from President McKinley: "You saved California for the Republicans."

Chapin died at his home here yesterday. Besides a newspaper and magazine cartoonist, Chapin had been an editorial writer, architect, rancher, real estate executive, painter and sculptor. He was born in Rahway, N. J.

L. A. County May Drill for Oil

LOS ANGELES. (AP)—Legal machinery for putting Los Angeles county into the oil production industry, provided Long Beach rescinds an ordinance forbidding sinking of wells within its corporate limits, has been set in motion.

The county counsel's office yesterday finished drafting a resolution, to be acted upon by the board of supervisors next Tuesday, providing for opening of bids Nov. 9 on drilling rights on 31 acres of land between Sixth street and Ocean boulevard in Long Beach.

Mexican Official Ends Threat of Imperial Strike

CALIXICO. (AP)—Settlement of the labor difficulties in Baja California, which threatened to cut off the entire water supply to Imperial Valley in Southern California, was announced here today.

Effectuated by Anonio Villalobos, labor secretary for Mexico, the settlement called off a strike ordered by the Mexican Field Workers' union affecting the Baja California district of the Imperial Irrigation District.

In his 24-page award, made

after an investigation since Sept. 30, Secretary Villalobos denied the workers' claims for back pay from September, 1936, but granted them overtime back pay from March 3 of this year.

President Evan Hewes of the irrigation district said the decision will mean an increase in operation cost of the Mexican canal amounting to approximately 15 per cent, but provides a basis for future dealings with the Mexican labor union.

FIGHT DISEASE IN CHICAGO

CHICAGO. (AP)—Posting of a quarantine sign on the street door of a flat near the downtown area marked a new departure today in the city's campaign to eradicate venereal diseases.

A case of venereal disease was traced to the building after a man, one of thousands responding to appeals for medical examination, appeared at a clinic for treatment.

CHURCHMEN TO AID DISEASE FIGHT

CINCINNATI. (AP)—A move to put a Protestant Episcopal church in the campaign against venereal diseases was initiated today.

While thousands of delegates and visitors at the triennial general convention awaited the balloting on presiding bishop, the house of deputies approved and sent to the house of bishops for concurrence this resolution: In endorsing the campaigns of health organizations against syphilis and urging church members to cooperate in the dissemination of information for combating it.

WAGE-HOUR SUCCESS SEEN

WASHINGTON. (AP)—Representative Ranspock of Georgia, ranking Democrat on the house labor committee, proposed today to shunt some of the opposition from the path of wage-hour legislation by confining it to "chiselers."

Ranspock, active in framing the house bill, said he was preparing amendments to accomplish that objective.

"If that were done," he said, "it would clear away the objections in the south."

Southern Democrats directed the most severe criticism at the bill in the last session. They were largely responsible for smothering it in the house rules committee after it had passed the senate and been approved with alterations by the house labor committee.

FRANCO HOLDS 21 AMERICANS

NEW YORK. (AP)—The Friends of the Abraham Lincoln Brigade office today made public names of 21 Americans whom they listed as captured in Spain by General Francisco Franco's insurgent troops.

The Friends of the Abraham Lincoln Brigade is an organization in sympathy with the Spanish government cause.

The brigade now numbers 3000 Americans fighting as a unit on the side of the Spanish loyalists to date 125 have been killed, Phil Bard, secretary of the organization, said.

According to Bard those captured included Everett Hobbs, Inglewood, Calif.

ILLNESS TAKES C. L. TIBBETTS

PAIR DIE IN 'MURDER RIDE'

wife, Lydia, 64, both of South Paris, Me. The physician's body was stuffed into a trunk on the back of the car. His frail wife was crammed under the rear seat. The youth was asleep at the wheel of the car, which he had parked in a vacant lot. Two patrolmen noticed him. Becoming suspicious, they awakened him and took him to headquarters for routine questioning about a sum of money in his possession. Another officer meanwhile started examining the car and the slayings were discovered.

In Dwyer's home, where the doctor had gone to examine him, the youth told police he chose Dr. Littlefield and then beat him to death last Wednesday after the latter "made a crack about my girl."

CRAMMED IN TRUNK
Cramming the physician's body into a trunk, Chief of Police Shippee said the boy placed it in Dr. Littlefield's car and drove to his home. The chief said Dwyer told him he induced Mrs. Littlefield to drive with him to Boston, where he told the woman her husband had fled "after killing two people."

Unknown to the gray haired Mrs. Littlefield, her husband's body was in the car in which they "searched" for him fruitlessly two days.

As they headed back toward home yesterday, Mrs. Littlefield became suspicious and returned to call a policeman.

"Oh, no you won't," Shippee quoted Dwyer as saying.

The youth thereupon choked and beat the woman to death with the same hammer he used to kill her husband, the police chief said.

And it was the next day after the weather man's prediction that it rained.

Public utility trucks have become a transient machine shop. They have sections for different kinds of material just like a department store. You can find almost anything you want if you know where to look for it. At the conclusion of a job then you start on a bookkeeping system to show the boss where the material went and how much of it. Say, you got to be more than a mechanic. Only thing I noticed missing about the public utility truck was a stenographer, and when she isn't there neither am I. So what? I'll stick to reporting.

Midwest correspondence reveals a prospective harvest which will fit in appropriately with Thanksgiving day, the first one for several years. Big crop spells fine tourist season for California. And if you got a pig for sale it'll buy you a round trip ticket. At least that's the way the housewife feels about it when she goes to get the bacon. Oh, well, what is it? Money made one way is spent another. Just so we keep it moving.

The 1937 recapitulations for the Valencia orange season will be satisfactory in some circles, and unsatisfactory in others. Only the ostrich would refuse to recognize the situation, and its no time to poke your head in the sand when you need more in your craw. The silver lining in the situation is that groves are making a splendid recovery, and if favored climatically

ITALIANS MAY LEAVE SPAIN

would localize the Spanish war. Count Grandi specified, in offering cooperation, that withdrawal must be "in equal quantities from both sides."

The Spanish government has thousands of foreigners fighting in its international brigades and serving in other capacities, some as technical advisers for aviation and other service arms.

The subcommittee, with the British and French spokesmen pressing for speedy action, agreed to meet again next Tuesday.

IL DUCE ATTACKS U. S. ARMS SALES
MILAN. (AP)—Premier Mussolini's newspaper, Il Popolo D'Italia, referring to President Roosevelt's arraignment of aggressor nations as his "Chicago Sermonette," pointed today to United States arms shipments which it said reached Spain through Russia.

The paper reproduced the President's more striking condemnatory remarks in an article entitled "American Flowerets," then referred to his assertion that the peace, liberty and security of 90 per cent of the world population was menaced by the other 10 per cent.

"This was followed by the comment: 'In the month of September the United States exported arms and munitions totalling upward of \$20,000,000, of which nearly \$10,000,000 was bought by the Soviet union, which in turn sent the arms and munitions to red Spain.'"

"Il Signor Roosevelt evidently was mistaken in his figures. At least his 10 per cent must have included American arms and munitions manufacturers."

MUFTI FLEES HOLY LAND

JERUSALEM. (AP)—The grand mufti of Jerusalem slipped out of Palestine last night, fleeing to the Lebanese republic aboard a sailboat, as British authorities tightened their control over Moslem activities in a determined effort to suppress terrorism in the Holy Land.

The latest action of the British administration was to assume control of the Moslem committee in charge of religious properties. The Holy Land was relatively quiet under strict military vigil. Yesterday two British constables were slain from ambush and other acts of terrorism had resulted in the killing and wounding of many Jews and Arabs.

BOND SALES JUMP
WASHINGTON. (AP)—Treasury officials estimated today that sales of "baby bonds" will be over the billion-dollar mark by the end of the year. Through last week purchasers of these bonds had put \$944,531,732 into the treasury.

Motion for a new trial, following a \$20,000 damage verdict by a superior court jury, was filed today in superior court by the Pacific Freight Lines, which lost the case to Onecimo Aguirre, Orange truck driver.
Aguirre won the record-breaking verdict last week from a jury. Irregularities in the trial, excessive damages, and misconduct of the jury in deciding the case were cited as grounds for the motion, filed by Attorney Otto Jacobs.

CALEB RASH TAKES FIRST VACATION IN 25 YEARS

GETS THREE MONTHS REST ON FULL PAY

Long Service Is Rewarded

Caleb Rash is a man who likes to work.
He has worked for nearly a quarter of a century without taking the vacations rightfully due him. He worked from 6 o'clock in the morning until 8 o'clock at night, lots of times, when his hours of required work were much less.
Sometimes he even went to work at 5 a. m.
He works for the city of Santa Ana. But now he's on a vacation. Not that he wanted one. Street Commissioner Ernest H. Layton insisted that he take a vacation.
So now Caleb Rash, general foreman for the city street department, is resting. He's on an extended vacation that will last for perhaps three months. And he'll get paid for every day he's working.
That's how much the city thinks of a man who likes his work so well he refuses to take a vacation.

WILL OBSERVE V. F. W. DAY

A large delegation from Ernest L. Kellogg post, Veterans of Foreign Wars, will go to Sawtelle tomorrow to take part in the V. F. W. day program scheduled to be observed through the day.

Arrangements for the event were made at a meeting of the local post last night. The Sawtelle event will include a parade, picnic and dinner, in which the local post and auxiliary will take part.

Department Commander James Fleming will be the featured speaker. Entertainment will be presented following the dinner in the evening.
The local post last night obligated a new recruit, William P. Ehrler, and made plans for a joint installation of officers of the post and auxiliary Nov. 5, when the public will be invited.
On Oct. 22 a pot-luck dinner and hard-times party will be staged by the local post and auxiliary.

MUSIC STARTS MARITAL RIFT

She threatened to throw her musician-husband's violin off the boat into the ocean; she was thrown in the Paris bastille for making noises on the street and she threw his watch in his face.
So charged Ernest Uzes, Placentia schools music teacher, in a divorce complaint on file in superior court today against his wife of two months, Mrs. Inez Uzes.
Mrs. Uzes screamed and cursed so loudly in Paris on their honeymoon, the husband charges, that gendarmes clapped her jail. Disturbing the peace in France is called a "public scandal."
The couple was married in Chicago May 29 of this year, and separated last Aug. 17, the complaint alleges.
"While on a boat traveling from New York to London," the complaint specifies in charging cruelty, "defendant threatened to throw plaintiff's violin into the ocean."

Seventeen major traffic cases, ranging from charges of speeding to failure to yield the right-of-way to an emergency vehicle, were tried before Judge J. G. Mitchell in Santa Ana police court yesterday.

CAUSES ACCIDENT
The motorcycle was driven by Bert Lane en route to an accident when Burt assertedly pulled in front of his vehicle at Fourth and Ross and caused another accident in which Officer Lane was injured.

BANKERS ARE AWED BY BIG BEAN CHECK

Even First National bank officials, who are used to having scads of money all around them, were a little awed today.
They got a check for \$630,000. But they can't keep it. They have to give it to Lima bean associations here for distribution to their member-growers.

The \$630,000 represents the first payment of the 1937 season on the new lima bean crop. It is based on a 34-cent per pound payment on 85 per cent of the crop in this county.
That single big check will be cashed by the bank, and the money sent out to the Smeltzer Lima Bean Growers association, the Old Newport Lima Bean Growers association and the San Joaquin Lima Bean Growers association.

The associations then will hand out the money to the bean growers, who will come to town and make business hum as they start pouring the dollars into trade channels.

There will be another 34-cent payment on Nov. 1, on the unpaid balance of the crop, which is expected to amount to about \$150,000, running the total payments to up over three quarters of a million dollars. Last year the first payment from the California Lima Bean Growers association amounted to \$642,000 in Orange county. There are more beans this year than last, but they are not being marketed as rapidly.

NEWS OF ORANGE COUNTY COMMUNITIES

DRIVERS FOR SCHOOL SET RECORD

COSTA MESA.—In a talk on "Safety in Our Schools," before the Harbor High P. T. A. Tuesday, Principal Sidney H. Davidson highly commended the six high school bus drivers who have made two and three trips daily throughout the seven school years since establishment of the institution, without a single accident.

Davidson also touched on safety precautions employed in shop-work and on the local athletic field. As the most permanent cause of school accidents, the speaker named hitch-hiking and driving of privately-owned cars by students, recommending that this form of transportation be absolutely forbidden by the parents. He further stated that Harbor High enjoys a unique position in the county with 90 per cent of its pupils riding on buses, an exceptionally high average, Davidson said.

George Peterkin, Orange county traffic safety officer, also spoke along the same lines, warning of the menace in sex cases which are becoming increasingly prevalent, six men having been convicted in Orange county in the last month. Some of these, said Peterkin, were high school boys and one man of prominence.

The traffic officer charged that the average court does not do its duty in backing up these convictions. Judge Dodge, he commented, for 100 per cent cooperation with the officers.

A brief business session was held after which the high school orchestra, under the direction of Miss Marie Hiesch, played two numbers. A reading was given by Betty Raymond.

Hostesses were Mrs. Verner Britton, Mrs. R. E. Bacon and Miss Lily Lahti.

MUSIC FEATURE FOR C. M. CLUB

COSTA MESA.—Musical numbers by Eunice Howell, 10-year-old pupil of Vladimir Lenski, Costa Mesa violinist, and readings by Mrs. Mae E. Greeting, Santa Ana, featured the afternoon's program at the Friday Afternoon club, yesterday.

Miss Howell, who has appeared in many violin concerts and has been the winner of several awards, played three classical numbers, her mother, Mrs. L. Howell, accompanying her. In addition to readings on "The Life of the Cutters," by Bess Street-Aldrich, Mrs. Greeting spoke briefly on elocution as an aid to the average clubwoman.

Mrs. Ernest K. Kirby, second vice-president, presided. Luncheon was served to 50 guests by the ways and means committee, under the direction of Mrs. A. B. Craig, chairman. Mrs. Reuben M. Day, acting-program chairman, reported on the district convention at Ontario.

The president was instructed to appoint a committee to arrange a float for the Armistice Day parade in Fullerton and Mrs. L. R. Daughenbaugh was appointed chairman of a card party to raise money for the purchase of a radio for the tubercular ward of the county hospital.

The next meeting will be Oct. 29 and will be the mid-year district convention, which meets this year at the local clubhouse.

SAYS BUSINESS TO BE BETTER

Predicting that real estate, building and the stock market would stage a comeback "about the first of the year," A. Z. Taft, Hollywood realtor, yesterday described the present business recession as "simply a breathing spell" in a talk before the Santa Ana Realty board at the Rossmore cafe.

Moving of the radio industry to Hollywood was cited as the latest of a group of growing enterprises that will make for a continued boom in Southern California real estate transactions.

The Santa Ana realtors passed a resolution protesting against the federal land bank's present policy of selling foreclosed property itself rather than referring it to regular realtors, and the group instructed its secretary to contact Congressman Harry Sheppard in an attempt to effect a "change in attitude."

TOWNSEND NEWS, VIEWS

By WALTER R. ROBB

P. R. Long, president of Santa Ana Club No. 2, announces a very interesting program for next Monday evening at 7:30 in Townsend hall at 509 West Fourth street. Mrs. Mary Starke, Los Angeles, Townsend soloist and her accompanist, Mrs. Burnham, will give the musical entertainment.

Los Alamitos Club No. 1, meeting last evening, was very pleasant and one for the writer. Thomas Carpenter presided over the business session and introduced the writer, who was the speaker. After the meeting, refreshments of cake, cookies and coffee were served by the ladies. Mr. and Mrs. Trotter and daughter, Betty Jo, were visitors from La Habra. Mr. Trotter is a former president of the Los Alamitos club. The Los Alamitos Community hall, where this club meets, is a pleasant and conveniently arranged meeting place with a kitchen connected, making possible the serving of pot-luck dinners and so forth. Much credit for the obtaining of this meeting place and equipping it is due Mrs. Jennie W. Bloomquist, secretary of the club, who worked unceasingly to make it possible.

Mrs. Wilma F. Shute, 112 Booth street, Santa Ana, who is past 80 years old, has been ill for a long period. This woman is a grand old lady and one who has always stood up for the Townsend club. Because of her advanced age she has attended Townsend clubs very little, but when the movement first started she helped circulate Townsend petitions and scoffed at the old people couldn't spend \$200 per month. The writer remembers hearing her say more than two years ago that she'd "spend the \$200 without any trouble and pray for more." That reminds the writer of a certain business man who, a couple of years ago while engaged in conversation with the writer, said, "But \$200 is too much money for old people to spend." The writer said, "Is that too much for you, doctor?" and he replied, "Hell no, I spend three times that much." The next question to him was, "Well... doctor you didn't always spend so much, did you? You had to learn to live and don't you think the old folks could learn to live and spend better, too?" He admitted that living on a higher standard wasn't such a difficult thing for the rank and file of Americans to acustom themselves to. The problem of furnishing employment for the unemployed hinges around a greater consumption which cannot be acquired without a greater buying power such as the Townsend plan will make possible.

Orange Club No. 1 is meeting at 7:30 Monday evening with President J. A. Green in the chair. The Townsend club building at 149 South Glassell street is the meeting place. Arrangements are being made for a speaker, but the announcement last evening that Grant Henderson would speak was in error, as he is not to speak until Oct. 25.

CHAPTER XXXVI

JAN knew her father and his guest had arrived, were in the study, though it was only six o'clock and dinner was not to be served until seven. She had heard Bates go into the study with cocktails and, while the door was open, her father's hearty laughter had reached her. He only laughed that way when he was enjoying someone's company.

She smiled. It had been a wrench to forego dinner with Peter, but she couldn't deny her father any little request he made. They were not dressing for dinner tonight, he had said, but she selected a particularly becoming gown, a taffeta dinner dress that matched her eyes, and knew she would be a credit to him.

Later, before Peter arrived, she would excuse herself and change into the lovely white evening gown that lay across her bed. Peter would adore it. He preferred her in white, and she had slipped out during the afternoon to buy it. She was going to make herself so lovely this evening, so desirable that Peter would have to make up his mind—would have to propose to her if ever he was going to.

She knocked on the study door, opened it, then stopped short. Peter!

He and her father were standing in the center of the room, both wearing broad grins. Oden Flagg, though, looked a little sheepish as if he had been caught in a prank.

"Jan, may I present a new business associate, Mr. Peter—"

"Jan dearest!"

Peter hurried across the room to take her into his arms. His lips found hers with the kiss she had been longing for—a kiss that declared his love in undeniable ardor. She clung to him, quivering with the thrill of being enveloped again by his love.

Moments later, he released her, smiled down into her questioning eyes. They were alone. Oden Flagg had quietly left the room.

"You do love me!" she said.

"Of course, dearest. I never stopped loving you. But I wanted you to be very sure, and I wanted you to come home first and have your father's love and companionship. That I came East and—I wasn't sure. Jan, you seemed to love me still—but I wasn't sure. I knew Wyldie was rushing you—oh I was just a fool, but I had to have you love me with your whole heart and soul."

"I did. I always have!"

"And then, when you became engaged to Wyldie, your father telephoned me. He told me everything. He was so worried. And when I admitted I loved you, he told me to come East as soon as I

GROVE CENTER NAMES NEW OFFICERS

GARDEN GROVE.—Election of officers shared interest with the address of F. F. Heydenfeldt, manager of the grove service department of the California Fruit Growers exchange when the Garden Grove Farm center held a dinner at the Woman's clubhouse Thursday evening.

Speaking on various phases of citrus marketing, Heydenfeldt predicted that Valencia prices for the coming year will be comparable to the past few years, even though the crop is roughly estimated at 5,000,000 boxes larger. The high point in all fruit and vegetable consumption in the nation was reached in 1929, he said, and since that period fruit consumption with the exception of citrus and peaches has steadily declined, with vegetables just holding their own.

Touching on the problem of canned juices coming into competition with fresh fruit, he said many things are as yet unanswered as regards the juice industry among which is how much can be paid for oranges for making juice which is to sell in competition with other juices.

In the election which followed the report of the nominating committee, comprised of George Harding, J. W. Crill and W. O. Broady, Walter Schmid was named to succeed himself as president, Ivan Harper vice president, Frank Hildebrand, secretary-treasurer and A. J. Bailey, director.

The program also included short talks by W. O. Broady on hospitalization, Ross Crane, assistant county farm advisor, on 4-H club activities; Frank Pierce on the State Farm bureau convention at Modesto, Nov. 14 to 18, inclusive; Miss Evelyn Rhode contributed vocal solos and her accompanist, Miss Dorothy Barnes, played piano solos.

Notes from two press boxes (Santa Ana vs. San Bernardino and Santa Ana vs. Chaffey High):

Look for a return engagement between the Dons and Indians after the regular season is finished somewhere around Friday, Dec. 3. It ought to be a titanic and draw one of the largest crowds ever to see a Red and Black team play.

Unless the unforeseen comes up between now and then to knock either the Dons or Indians for a loop, there should be nothing to keep both elevens from tying. And believe me there should be no team in the conference able to beat the islanders the remainder of the season.

Santa Ana was the sadly outplayed outfit last night. But they tried and thanks to Mac Beall's heady playing, pulled the game out of the fire and gave the Dons a desperate tie. There's no doubt but what the Dons were the lucky team.

They were outplayed in almost every department of the game. Their center of the line with Danny Boyd and Beall backing it up was the strongest. Santa Ana's ends were run ragged all night.

Time and again the fleet Berdoo backs, led by either Bill Matthie or Avery Monfort, skirted the wings for better than 10 yards a crack. It just wasn't possible to beat the Indians last night; they were hot and the Dons couldn't get over their first quarter ragged playing.

Coach Bill Cook said the Dons were going to meet a light but fast-charging line. It was so fast that the only way the Dons could relate to it was to do some fast-charging themselves and then the Indian forwards beat them to the punch almost every time.

Talk about interference, the Indians sure had it. On those devastating end sweeps there were three or four men ahead of the ball packer.

Beall, who started at left half and who was moved to full almost immediately, was the spark of the Dons' brave attack. He kept them in the game, and without him, there would have been a different story today.

The Dons should profit well from last night's hard-fought exhibition. Be sure to mark a red pencil mark around Dec. 3. It'll come around and both Indians and Dons will be the opponents for the Eastern P. C. conference title.

Santa Ana's other potential pennant winners, the Saints, were unimpressive against the Chaffey Tigers until the fourth quarter when they went down the field for the score. Bill Musick looked like the hard-playing fullback of old. His fumble, however, was costly for a long time. Saint roots were in suspense for three-quarters of the game when they should have rested easier if he had scored when they had Chaffey with their backs to the wall.

Bill Collins is the most natural punter the Saints have seen since the days of Floyd (Toy) Blower. With effortless ease the got off some 40 yards or better yesterday. He is really the most improved player on the squad from the beginning of the grid season. Barron's slice off his own left tackle for the score looked plenty good. The Saints should have done well all through the game.

S. A. Trips Tigers In Grid Tilt, 7-6

A one-point margin over Chaffey yesterday marked Santa Ana High school's debut into the Citrus Belt league on Poly field. Coach Bill Foote's team came out on top, 7 to 6. And from what the Tigers had to display, Santa Ana can be assured of keen competition in its new company. Chaffey's offensive tactics kept the Saints on their toes at all times, while heads-up defensive playing accounted for the Tiger's lone touchdown.

Both scores were made in the final period. The Tigers made the first tally as an outcome of a fumbled punt by Collins. The last quarter had just started with the Tigers in possession of the ball on their own 28 yard line. Two attempts failed to net any yardage. The second try resulted in an eight yard loss.

RECOVER PUNT FUMBLE
From his own 21, Fullback Christensen kicked to Santa Ana 45, where Collins' fumble was recovered by the alert Corn, left end. It took Chaffey two more plays to score.

Wootan was held for no gain as he attempted an end run. A long pass sent by Seay was snagged on the 20 by Corn, who scampered over the goal line after evading one Saint tackler. Another pass from Christensen to Brennan for the extra point was incomplete.

No sooner had the shouting from the stands died down than the Saints were on their way for a touchdown.

POMONA DEFEATS SAINTS
Coach Archie Nesbit's Pomona Red Devils over-powered Riverside High school in a Citrus Belt test, 14-6, yesterday at Riverside. Karns lugged the leather over the three-yard line after a sustained drive of 64 yards. In the last quarter he plunged over from the one-foot line, climaxing a 40-yard drive.

the ball and returned to the 37. A left-end run by Barron netted nine. This was followed by a three-quarters of a yard gain by Musick through center. Another plunge over left guard by the powerful Musick gave the Saints a first down on the 50.

Three more first downs were made in rapid succession. After an incomplete pass, Collins rifled the ball to Smith, who ran up to the Chaffey 33, for the second first down.

Four yards were made on a left-end run by Barron. This was followed by Musick's drive over right guard for eight yards and another first down.

BARRON MAKES 3
From Chaffey's 21, Barron garnered three through left tackle. A pass from Collins to Barron placed the ball on the Chaffey 15, from which point Musick dashed up to the 11.

With one yard to go for a first down, and the ball on the 11, Musick cracked the center to barely make the down.

A reverse to Musick netted two yards. Barron skirted his own left end behind perfect blocking to tie the score. He tallied standing up.

Musick kicked the extra point. That was all that was needed for the Santa Ana fans to break out in a burst of cheering which continued for several minutes.

By far the most outstanding players for Santa Ana were Bill Musick at fullback and Don Warhurst at center. Twice, Warhurst intercepted Chaffey passes, while Musick's persistent line plunge proved to be the mainstay for the Saints.

TONY LAZZERI RELEASED BY N. Y. YANKS

"Poosh 'Em Up"
Seeks Managerial Job In Big Leagues

By DREW MIDDLETON
NEW YORK. (AP)—Tony Lazzeri, the battle-weary second baseman who announced his retirement as an active player and then stole the world series spotlight, stood on the threshold of a probable offer as coach or assistant manager.

Cast loose from the New York Yankees, the club he served for 12 years at second base, Anthony Michael is free to grab the managerial job he hopes will be "as good as a sure thing."

The St. Louis Browns and the Boston Bees are the clubs most prominently mentioned in speculation on Tony's 1938 destination. Each club lost a manager this season. Bill McKee left the Bees for the Cincinnati Reds and a substantial raise, and the Browns dropped Rogers Hornsby in mid-season.

First reactions to Tony's release weren't ecstatic in either city. With Bob Quinn on vacation, Boston fans took the news in stride and Hub sports writers leaned toward Casey Stengel, ex-Brooklyn manager. President Don Barus and General Manager Bill De Witt of the Browns were both out of town, but St. Louis sports writers expressed little belief that Tony would be selected as manager. The Browns like Gabby Street, ex-Cardinal leader, for the job, but some sources indicate the club will make a bid for Tony's services.

Two other clubs in the American league, the Philadelphia Athletics and the Cleveland Indians, are possibilities. Roy Mack, vice president of the A's, seemingly quashed all rumors of Lazzeri's addition to the A's with a terse "there's nothing to it" last night, but some baseball men believe Tony may yet be hooked up as Connie Mack's assistant.

O'NEIL STILL IN
The Indians reaffirmed their belief in their present manager, Steve O'Neil, only recently. The club tried to get Tony as a playing manager in 1936 but the Yankees refused to let him go. However, O'Neil has not yet been signed for next season.

Since he came to the Yanks in 1926 after setting a home run record in Salt Lake city in 1925 with 60 round trip wallopers, Tony has been a spectacular member of the New York cast. He has played on six American league champions and five world champion clubs. His passing leaves Lou Gehrig as the only playing member of the 1926 team still on the Yankees.

Investigate Boxer Who Quit After Severe Thumping

SAN FRANCISCO. (AP)—A scheduled ten-round fight here last night in which Joe Bernal of San Francisco refused to continue against "Midnight" Bell, Portland negro middleweight, after the fifth round, was under investigation of the state boxing commission today.

Bell had decidedly the better of the fight until the time Bernal quit. Bell knocked the San Franciscan down for a nine-count in the third round and felled him again in the fifth.

Bernal claimed he had torn a ligament in his left shoulder. Dr. John Sullivan, boxing commission physician, examined the fighter and pronounced him all right and the referee ordered the fight resumed.

ORANGE WINS FROM BREA; HARBOR COPS

Brea found Orange's Panthers a bit too tough for them yesterday, going down by a score of 16-0. Newport harbor humbled Garden Grove, 6-0, in another practice tilt.

Ambling blocked Henderson's punt on the 20-yard line and the ball bounded back over the goal line. He was recovered for an automatic safety by Orange for two points. Ed Gould scooped up a Brea fumble on the Panther 48 in the second quarter. Quinn passed to Meyer for a first down on the 37 and then Quinn passed again to Gunther who lateraled to Welch for the touchdown.

In the fourth quarter the Panthers drove 77 yards in seven plays aided by a 15-yard penalty for piling on with Krueger tallying from the four-yard line.

The Harborites scored in the second quarter when Collins passed over the goal line to Sheflin for the lone tally.

Seabiscuit Tries To Enter \$200,000 Class

LAUREL, Md. (AP)—A fast-breaking, stretch-running 4-year-old stepped on the track here today intent on entering racedom's royal house of \$200,000 winners.

A field of 11 other lightly-weighted horses pranced to the post, optimistically intent on thwarting him.

Seabiscuit, C. S. Howard's top money winner for 1937, sought to take the \$7500 Laurel stakes with 126 pounds up, giving from three to 20 pounds to some dangerous competitors.

The mile has not been the champion's best distance and speedsters prevail in the field. Topping the list among early favorites to nose Seabiscuit away from his goal was T. E. Morgan's Heely, winner of the Potomac handicap at Havre de Grace.

Everglade stable's Deliberator, A. J. Joyner's filly, High Fleet, J. Y. Christmas' Rough Time, A. C. Compton's Clindenhal, R. G. McGhee's Fair Knightess and J. A. Manfuso's Anoroid led the starters in support.

SAN DIEGO. (AP)—Arizona State college's football stalwarts will attempt to "tell it to the marines" when they meet the San Diego Service team here tonight.

INDIAN MAT EXPERT ON MONDAY BILL

Joe Toniti, the Nebraska Indian heavyweight, who makes his first appearance on the Pacific coast Monday night in the three-fall secondary main event at the Orange County Athletic club, is said to be one of the most colorful Indian wrestlers in the game.

He is a nephew of Count Otto Von Bussing, the German heavyweight. Count Von Bussing, like all foreign wrestlers, is schooled in the scientific end of the sport but also is rated a fellow capable of taking care of himself against a punishing heavy and tumble foe.

Nick Lutze and Casey Cumbolo clash the three-fall main event with Mickey (Mouse) McMasters scheduled to referee.

For the first time in a month four instead of three bouts are carded. Two one-fall matches show Young Stecher vs. clever Fat McGill and Al Rosenbloom vs. Bob Stone.

FAVOR GAELS OVER LIONS

LOS ANGELES. (AP)—St. Mary's Gaels galloped into Los Angeles today, confident of trimming Loyola's rugged Lion pack tomorrow in memorial coliseum.

Thirty-thousand or more spectators were expected to witness the game, an inter-city battle certain to produce a bitter struggle.

St. Mary's won in the initial game in 1936 by 19 to 7, aided by a series of fumbles in the second quarter.

Loyola will enter the game for the first time this season with full strength. St. Mary's likewise will not be hampered by star absences.

The Gaels are favored in most quarters to win, but the Lions are conceded a chance of upsetting the visitors.

YEAGER LEADS S. B. PARADE

REDLANDS. (AP)—There was more at stake than football victory when Howard Yeager went into the backfield for Santa Barbara State college in its gridiron contest with Redlands university.

Earlier in the week, Yeager, flashy back for the Santa Barbara Gauchos, was brought before Police Judge Fred T. Harsh at Santa Barbara, charged with speeding.

"I'm fining you \$10 or two touchdowns against Redlands Friday night," said the judge.

Yeager scored two touchdowns last night. His team won, 31 to 0.

Mac Beall Hero At San Bernardino

Santa Ana Jaycee's Don gridders may be making a determined effort to retain their Eastern J. C. conference flag, but today they knew that they weren't the only team chasing after the coveted crown. Coach Bill Cook's team was the lucky eleven last night after its bid for its 15th straight triumph was stymied, 7-7, by San Bernardino Jaycee.

The best thing that could have happened to the Red and Black took place when the Indians out-played, out-charged, and out-manuevered the Dons for better than three quarters of the first half in a wild second quarter that they made their desperate bid, and thanks to Mac Beall's heady playing pulled out a tie from the bags.

At that the Dons were extremely fortunate in getting away with a piece of the victory. After the Indians, who had stolen the show from the start, had out-smarted the Don backs with a splendid piece of big-time passing to score their lone touchdown, the Cookmen came back in the waning minutes of the first half by the same route to score. They then matched San Berdoo's score when Beall ran over after Youel's attempt was blocked.

BEALL SPARKS DONS
San Bernardino had about eleven horses and the Dons were led by one, Beall. Without the heady, hard-charging, and expert blocking of this versatile athlete, Santa Ana's hopes would have hit bottom. When his line opened up small holes for him Beall would tear his way three or four yards beyond the spot where he was apparently stopped. None of the other Don backs performed on a par with him.

Blas Mercurio and Oliver McCarter were good for two or three yards a crack but lacked Beall's continual driving power. Even Santa Ana's much vaunted aerial attack clicked for only the one touchdown play. After that the Dons were never long enough in San Berdoo territory to try any passes to Erwin Youel. Ted DeVellis, Carroll Joy, Bill Semmacher or John Joseph, who was the touchdown hero for the Dons.

JOSEPH SCORES
Beall was the big-gun for the locals as he threw a perfect strike down the sidelines to the waiting arms of the 44-year Lincoln High school griddy who plunged his way over for the score from the five-yard line.

It all started with a clipping penalty inflicted on an over-anxious Don. The team was set back four yards. Then, on four downs netted but four yards, Beall kicked to Templeton, who was dropped on his own 19. With the count second and 12 to go, Simms came out of the line and kicked to his own 43.

Beall made one yard on the first crack and then passed to Carroll Joy for four yards. Beall passed to Joseph, who was stopped on the 29-yard line. Then, fading back to the 40, Beall whipped the long one which Joseph took amidst several Indian state line drives.

Youel came in to do the converting but the kick was blocked. Beall scooped up his own left for the extra-point which saved the Dons from a one-point loss.

After the Dons had run but one play after receiving the kickoff, McCarter quick-kicked but the ball bounced out of bounds on Santa Ana's 38. With Thompson and Monfort lugging the ball for three to four yards, the Indians had a first and 10 on the 28. Monfort completed a pass to Watts out to the left, and a right end skirt by Bill Matthie was stopped on the line of scrimmage.

With the count fourth and six yards to go, Monfort faked back and then, with the ball sailed over a Don's head and was caught by End Froude. Verdieck kicked the necessary conversion.

At the start of the second half, the Indians came out fighting, carrying the ball clear to the Santa Ana 18 before the Dons drove the ball back. For the rest of the third quarter, both Dons and Indians held the ball around midfield. Once the Dons had their opponents in the hole when a clipping penalty set the Indians back to the 12 but Matthie, behind wonderful blocking, raced over his own left end for 28 yards and first down on the 40.

The Dons were given a break at the start of the fourth stanza when Simms, back in punt formation, juggled the ball and a swarin Paul and Blackie, who were on the ball on San Berdoo's 38½ yard line. Mercurio, on a spinner, tore off nine yards and McCann made it a first down by inches. Froude recovered a fumble and Simms' kicking kept the Dons with their backs to the wall, gaining the lead. Twice they were placed in the hole on the eight and 15-yard lines.

The whole San Bernardino team was a reverse of last year's squad. Matthie, Templeton, Watts, Haggard, Monfort and the entire forward were charging from the back to finish. Santa Ana's forwards, mainly "Rusty" Rouquet, spilled the Indian runners on numerous occasions. When they started skirting the wings with demon blockers ahead of the ball carrier the whole team was caught off guard. Matthie was the fastest man on the field and was the power behind the Indian attack.

Santa Ana's center of the line was strong as usual. Danny Boyd continued his brilliant playing at backing up the line. Despite a costly center in which the Dons lost the ball he was the best next to Roquet and Beall. Dick Tauber, Joe Crawford, Bob Faul, Virgil Stevens, Pancho Forster and Pete Kotlar were very much in evidence.

Santa Ana's next opponent will be Glendale here next Friday night in the Municipal bowl. Bill Cook will open with a freshman lineup.

The lineups:
Santa Ana (7) (7) San Bernardino
DeVellis LE Kleck
Paul FB Youel QB
Crawford LG Watts
Boyd C Verdieck
Tauber RG Haggard
Roquet RT Robertson
Youel (C) RE Froude
McCarter QB Monfort
Beall LH Matthie
Lehnhardt RH J. Thompson

Score by Periods
Santa Ana 0 7 0 0-7
San Bernardino 7 0 0 0-7
Santa Ana's scoring: Joseph, sub for Youel; Beall, conversion.
San Bernardino scoring: Froude, Verdieck conversion from placement.

RITZ BROS. COMEDY OPENS

Broadway Also Shows Crime Film

The funniest, fastest and tui-est hit of the year, with the di-zi-est comedians ever starred in one jamboree of mirth and enter-tainment is "Life Begins in Col-lege," hilarious musical comedy which opens today at the Broad-way theater with the comedy-mad Ritz Brothers, John Davis, Tony Martin and Gloria Stuart in the big cast.

The three mad stars of "Sing, Baby, Sing" and other hits, are pants pressers working their way through college, and they upset all past traditions with their riotous antics in "Life Begins at College." Comic-faced Joan Davis is on a heart-hunt for a poor In-dian, Nat Pendleton, who has only \$10,000 a day to spend, and dur-ing the chase outdoes all her pre-vious efforts at comedy roles. The cast includes singing Tony Mar-tin, Ed Thoenerson, Dick Baldwin, Joan Marsh, Dixie Dunbar, and J. C. Nugent.

The cast of "Counsel for Crime," the second feature, is headed by Otto Kruger and Doug-las Montgomery, with Jacque-line Wells as leading lady. The story narrates the thrilling career of a brilliant and spectacular criminal attorney, who is ironi-cally brought to justice by his own son, who does not know the iden-tity of his father.

Short subjects include a novelty, "Unusual Occupations," in color; a Scrappy cartoon, "Fire Plug," and World News events.

'TOAST OF N. Y.' BILLED HERE

Starting Sunday, for four days, Walker's theater will present a double-feature program showing Edward Arnold and Frances Far-mer in "The Toast of New York" and "The Big Shot," featuring Guy Kibbee.

Based on the life of Jim Fisk, "The Toast of New York" shows the flamboyant courtship of fas-cinating Josie Mansfield by the financier.

Cary Grant, as the handsome partner of Fisk, takes full advan-tage of his romantic role. Jack Oakie gives his usual capable comedy performance.

Depicting the exciting expe-rience of a small town family after fate has dumped a large fortune in its lap, "The Big Shot," with Guy Kibbee and Cora Witherspoon, is an intriguing concoction of hu-mor, dramatic thrills and roman-tic heart throbs. Also featured in the comedy is a new romantic team, Gordon Jones, former U. S. C. football star, and Dorothy Moore, beautiful young actress.

Hollywood
Sights and Sounds
—By—
ROBBIN COONS

HOLLYWOOD.—Most places, typing is an occupation. In Hollywood it's an affliction. The movie-makers will do the funniest things. They've done it most recently to Stella Adler, now known—by her own request so it will spell as it sounds—as Stella Ardler. Stella of the blonde hair and gray-green eyes made her name on the stage in gripping dramatic portrayals. There probably isn't a custard pie in any of the plays of Maxwell Anderson, Paul Green, or Clifford Odets, in whose works Miss Ardler appeared on Broadway. So—Stella's first movie is "Love on Toast," in which cakes—nice, gooey cakes—appear in important roles. **HEAVIER ROLES FOR SOPHIE** If this goes over, Stella Ardler may become the screen's funny girl, and have to beg for a chance to be dramatic—just as Mary Boland has done before her. Mary Boland was an actress of parts on the stage, but in pic-tures her first was comedy. With one exception—unsuccessful be-cause audiences wouldn't take it—Miss Boland has been being funny ever since. Just the reverse happened to

Singing Cowboy Due at State

The latest movie starring Dick Foran opens Friday at the State theater. It is a Warner melodra-ma called "Blazing Sixes," and the numeral refers to the six-guns with which Dick, his pals and their enemies, the stagecoach robbers, volley their way through the plot. The first episode of "Secret Agent X-9," hero of one of the nation's more popular newspaper strips, will play on the same pro-gram with "Blazing Sixes." Also on the program is a comedy "Who's Crazy," a Betty Boop cartoon and news happenings of the world.

'Ever Since Eve' Coming to State

With Marion Davies and Robert Montgomery as co-stars, and a supporting cast that includes Frank McHugh, Patsy Kelly, Lou-ise Fazenda, Allen Jenkins and Barton MacLane, the comedy "Ever Since Eve," will screen at the State theater Wednesday and Thursday. "Under the Red Robe" is the second feature. In "Under the Red Robe" Con-rad Veidt plays Gil de Beraut, the dashing cavalier who risks death at the hands of Richelieu for the love of the Lady Mar-guerite, played by Annabella.

The Abraham Lincoln national monument, near Hodgenville, Ky., contains the log cabin and part of the farm where Lincoln was born.

BETTE DAVIS FILM SHOWING

"That Certain Woman" is Bette Davis, star of the motion picture of that name, which is the cur-rent attraction at the West Coast theater. It's an absorbing story of a woman's fight to live down the past and win back the love that past had cost.

Miss Davis is the former wife of a late notorious gangster who is successful in creating a new life for herself in the business world. She remarries, but pres-sure is brought to bear by a stern father-in-law, and although heart-broken, she allows the marriage to be annulled. Toward the end, it becomes a story of sacrifices. The cast includes Henry Fonda, Ian Hunter and Anita Louise.

The second attraction is "The Game That Kills," a drama told against the background of an ice hockey championship fight. It fea-tures Columbia's new star, Charles Quigley, with Rita Hayworth and J. Farrell MacDonald in support-ing roles. The picture contains the fastest exhibition of ice hockey ever presented on the screen. The story is a fast-paced yarn of gam-bling interests that stop at noth-ing, including murder, to achieve their financial ends.

I just found out
Jaysee/Gridders Clothes Cost \$2500

When the 50-odd Santa Ana junior college Dons raced onto the football turf at San Bernardino last night a half-ton of assorted protective equipment valued at around \$2500 raced with them.

Each of the Dons was clad in nearly \$50 worth of football suit which added 20 pounds to the net weight listed on the rosters.

Those big, broad shoulders and bulging biceps do not belong to football players inherently. They belong, for the most part, to the school that sponsors the team.

When local gridmen dress up for a game, they wear more and fancier equipment than they do in practice, but even in workouts they could be termed "over-dressed" if it were any other sport.

Here's a list of what every well-dressed gridman wears dur-ing combat: A helmet worth \$9.75 (the national football rules make it compulsory for players to wear helmets during every play); shoulder pads that cost \$7.50; hip pads at \$6; a \$4.50 jersey; 35-cent undershirt; \$5.50 pants; 25-cent sock and a pair of \$8 cleated shoes.

Because they play at night, the junior college team members are to-gged in \$5 zip-up jackets to keep them warm while they're not in action.

Some of the players, still recover-ing from injuries received earlier in the year, might add 4th pads (\$6), or a "corset" as the equip-ment men laughingly call it; they might put on a \$10 knee brace, a \$3 nose guard, \$2 shin guards, \$1.10 elbow pads or 50 cent ankle wraps.

Football equipment costs the junior college and high school several thousand dollars apiece each year. The high school pays twice as much to protect its players, because it has a sopho-more team and consequently has twice as many players.

Big or small, the players' equip-ment cost about the same. Unless they're over 200 pounds and have to have specially ordered outfits.

Football duds set schools back more than three times as much as equipment for all other sports.

Handling the suits for both high school teams, and for the junior college except when it is parked in the bowl, is a man named Sam Palmer. He's con-stantly heckled by players want-ing this and that.

His afternoon consists of meet-ing such demands as: "Fix my cleats, will you Sam?" "How about some more tape, Sam?" "These pants are ripped; could I have a new pair?" and "Gimme an inner sole, Sam."

He does most of the fixing, and keeps the equipment in as good shape as possible. The players go through it pretty fast, though.

After games, the players check in their jerseys, pants and shoes, keep the pads and helmets. For practice, they use older, cheaper jerseys, not-so-fancy pants and different shoes. It all adds to the unit cost of outfitting a grid man, but it extends the life of the good equipment.

Outfitting rooms must con-tain four jerseys for each player—one regular game jersey, two for practice and one alternate of a different color that can be used when the team plays some school with the same colors.

Backfield men dress lighter than linemen, but the togs cost about the same. The backs' equip-ment will run about 20 pounds less to the man than will the front wall's clothes. Because they're bigger, the junior college players will carry around 20 pounds of gear, while the high school will average around 18.

The equipment is nearly two pounds heavier at the end of the game than at the beginning. That's because of perspiration that

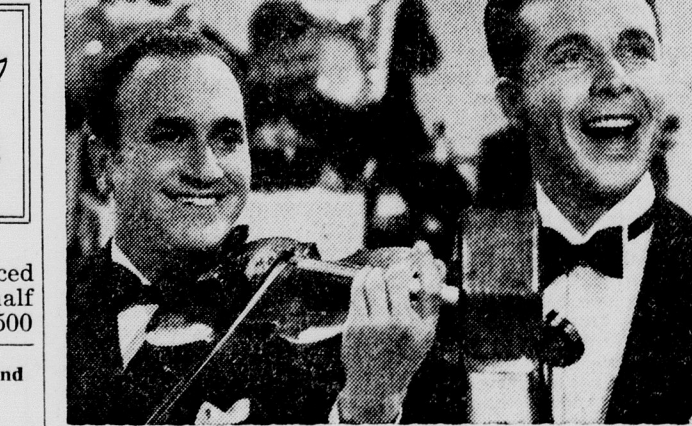

POWELL BILLED HERE SUNDAY

Entrancing melodies, dances, and a cast that includes a legion of celebrities from stage, screen and radio, make up the entertainment of "Thanks a Million," which opens tomorrow for three days at the State theater. Also on the program is a first run feature, "Border Cafe," featuring Harry Carey and John Beal.

With Dick Powell and Ann Dvorak topping the cast in roman-tic and singing roles, "Thanks a Million" presents Fred Allen, Paul Whiteman and his band with Ra-mona, Rubinoff, Natsy Kelly, and the Yacht Club Boys, all partici-pating in a jamboree of fun. The story is that of a wildcat amuse-ment troupe, dashing about the country under the not so benign guidance of Fred Allen.

In "Border Cafe," Harry Carey and John Beal, starring in "Border Cafe" and Armida, noted Mexican actress, in the leading feminine role, the film deals with the re-generation of a wayward youth from a famous Eastern family, and the activities of a band of up-to-date gangsters operating along the Rio Grande river.

J. Carroll Nash, George Irving, Marjorie Lord, Leona Roberts and Walter Miller head the support-ing cast.

Dick Powell being accompanied by Rubinoff and his violin during a scene from "Thanks a Million," musical extravaganza, opening Sunday at the State theater along with "Border Cafe," featuring Harry Carey, John Beal and the petite Mexican actress, Armida.

Mary Stoddard Jealousy May Be Cured By Long-Period of Self-Analysis and Correction

"Are women really more jealous than men?" queries "A Young Wife," or "Are they merely accused of it?" she continues.

If it is true that we are more jealous than men, why is it that we hear of more men than women killing because of jealousy? She and her husband have just had a friendly argument on jealousy and decided to write our forum for opinions. Her letter follows:

Dear Miss Stoddard: My hus-band and I have just had a friendly argument as to which sex is the most jealous, men or women?

My husband maintains that women are more jealous than men.

Do you think there is any cure for jealousy, Miss Stoddard, and if so, what is it? I'd like to hear from your readers about this, as I told my husband I was going to write this letter. We will be looking forward to your answer. Sincerely, A YOUNG WIFE.

How the belief that women are more jealous than men ever started is mysterious. It is true that man's physical desires have caused him to be excused for things which are condemned in women.

Perhaps the reason we hear of more men killing through jealousy than women is the fact that men are not as well able to handle jealousy as are women. Killing the woman one loves is a dread-ful price to pay for jealousy. After all, love cannot be bought or demanded. It must be given. But women, too, certainly have been guilty of the insane emo-tion. They, too, have killed be-

Starting next Thursday for three days, Walker's theater will present the screen attraction, "Think Fast, Mr. Moto," starring the diminutive Peter Lorre as the Japanese detective, Moto.

The companion feature will star the Jones Family in "Hot Water." A Pete Smith Specialty, "Sports on Ice," and a newsreel will com-plete the program.

Dad's running for mayor, Moth-er's running Dad, Roger's running a scandal sheet and Jack's run-ning after a blonde! In fact, the whole Jones Family runs wild in their most uproariously human hit, "Hot Water."

Joan Crawford Film Coming

Joan Crawford's latest starring vehicle, "The Bride Wore Red," will open an engagement at the West Coast theater next Wednes-day, it was announced today by Manager George King. The second attraction will be "Over the Goal," with June Travis, William Hopper, Johnnie Davis and Mabel Todd.

Franchot Tone and Robert Young are Miss Crawford's lead-ing men in "The Bride Wore Red," a story of a woman's strug-gle to find happiness in the lowly surroundings of her birth.

Football lovers will get plenty of thrills and plenty of laughs out of the collegiate comedy-drama, "Over the Goal." Rival teams in the picture are fast and brawny members of the Uni-versity of Southern California's var-sity squad.

'Captain Blood' Showing to End

"Captain Blood" and "In Cali-fornia," two knock-out feature films of last year brought back to Walker's theater, will have their last showing tonight.

Dashing, Irish, Errol Flynn and beautiful Olivia De Havilland are co-starred in "Captain Blood," a story of the seventeenth century pirates and they are supported by a cast of 40 of Hollywood's fea-tured players. The musical treat "In California," brings together Pat O'Brien and Dolores Del Rio in a very entertaining romance, assist-ed by Edward Everett Horton, Leo Carrillo, Phil Regan, Wini Shaw and the famous dancing team of the De Marcos.

Mrs. Ranney and Mrs. Nalle Are Luncheon Hostesses

Outstanding among parties given by younger matrons this fall was the delightful luncheon at which Mrs. Clarence Ranney and Mrs. Crawford Nalle were hostesses yesterday afternoon. A perfection of every appointment characterized the affair, held in the hospitable and spacious home of the W. D. Ranneys on North Park boulevard. The same Oriental theme that had been conceived and carried out by Mrs. Nalle for a luncheon given Thursday afternoon by Mrs. W. D. Ranney and Mrs. F. E. Farnsworth was used, with dainty Japanese hand-painted place-cards, and attractive flower arrangements in the Nipponese manner. Jade and soapstone figurines on the mantel repeated the motif, as did the beautiful turquoise and yellow porcelain ornaments that were given as prizes late in the afternoon to Mrs. Remington Mills (Harriet Gruettner) of Palos Verdes, Mrs. Joseph Windor, and Mrs. George Walker.

The hostesses were assisted in their duties by Mrs. Alex Brown, mother of Mrs. Nalle, by Mrs. W. D. Ranney, by Mrs. F. E. Farnsworth, and by Miss Marian Brown.

Masses of zinnias and chrysanthemums, sent the day before by Mrs. Charles Boyer, Mrs. Adam Zaiser, Mrs. E. B. Sprague, Mrs. J. E. Lehigh, and Mrs. Anna Richards, augmented the decoration of the home.

Guests at the party included Miss Loretta Spangler, and the Mesdames Wilbur Atherton of Glendale, Claude Brakehill, Roscoe Cocklin, Harold Dale, E. F. Elftstrom, Edward Farnsworth, Jr., Calvin F. Hunt, Robert Guild.

The Mesdames Quincy L. Hardy, Albert Harvey, Chad Harwood, Don Harwood, Roger Hearne of Alhambra, Paul Howe, Joseph Irwin, William Jerome, Jr., Fred Johnson, Oliver Lindemeyer, Glenn Mathis, Robert Maypole, Remington Mills, Charles McDaniel, Jr.

The Mesdames Manley Natland (Dorothy Diehl) of Long Beach, John Newman, G. Stanley Norton, Don Plumb, George Rice (Sheriff Spurgeon), John P. Scripps, E. Lee Smith, Alvin Stauffer, Herbert Stroschein, Ernest Stump, Jr., Russell Sullivan, Ray Tarr.

The Mesdames Raymond Terry, Kingsley Tuttle, George Walker, James Eugene Walker, Arthur Wade, William Thornton White, Jr., J. Thoburn White, Emory White, Jr., Ralph White, Harold Williams of Ontario, J. Russell Wilson.

The Mesdames Joseph Windor, Burt Zaiser, Roger W. Sumner of Pasadena, Hal Harlow of Ontario, Roscoe Morris of Balboa, and Roscoe Morris of Balboa, Brooks Fiske of Coronado and Miss Katherine Swaffer.

STORK SHOWER GIVEN FOR MRS. BALDWIN

When a group of friends gathered in the home of Miss Bonnie Schmid, 844 North Birch street, last evening, it was to compliment Mrs. Malcolm Baldwin and to shower her with dainty gifts for her layette.

In a setting created by baskets of zinnias and wild flowers, the guests enjoyed an evening of court whist, with Mrs. Oscar Kitts as high scorer, and Miss Nora Veale, low. The hostess served a light dessert course at the small tables.

Present for the party were the honor guest, Mrs. Malcolm Baldwin (Inez Rez), Mrs. Oscar Kitts, Mrs. Rucy Cantu, Mrs. Ivan Hase, Mrs. Al Markel, Mrs. William Beaudette, Mrs. Bob Erker, Mrs. Ed Eastham, Mrs. A. K. Lawrence, Mrs. Edith Baldwin, Mrs. Jessie Rez, Miss Betty Marston, Miss Mildred Smith, Miss Bernice Schmid, Miss Anita Kerby, Miss Alice Boyd, Miss Evelyn Shepherd, Miss Emma Fowler, Miss Lucy Hare, Miss Nora Veale, Miss Pat Price.

FRIENDLY EIGHT GATHERS IN PATRICK HOME

In a setting of lovely pink and white carnations which were set in baskets throughout her home, Mrs. Frank L. Patrick entertained members of the friendly Eight club in her home, 2057 South Van Ness street, yesterday afternoon.

Guests were escorted to the dining room where they found a lace-covered table centered with bowl of pink carnations and tall pink tapers ready for the serving of the dessert course. Cards followed, and Mrs. Merritt Hagen and Mrs. Curtis Allen won prizes.

Plans were made for the next session, scheduled for Thursday, Oct. 28 in the home of Mrs. C. E. Leithoff, 2327 Spurgeon street.

Two guests of Mrs. Patrick were Mrs. Merritt Hagen and Mrs. Lynn Scott, while members present included Mrs. Curtis Allen, Mrs. John J. Vernon, Mrs. C. E. Leithoff, Mrs. P. G. Kilburn, and Mrs. A. F. Johnson.

B. AND P. W. TO WEAR COSTUMES

Business and Professional Women were reminded today that their monthly meeting Monday at 8 p. m. at the Doris Kathryn tearoom will be an old-time party. Members are asked to wear costumes reminiscent of the early days in Santa Ana.

The committee for the social evening is headed by Miss Genevieve Humiston, and includes Miss Harriet Whidden, Miss Lulu B. Finley, and Miss Lydia Clark.

Debs Head Jaysee Clubs

When the annual fall rush week at Santa Ana Junior college draws to a close with the Las Gitanas rush party this evening, it will conclude a week full of brilliant and original parties, which have ranged in motif from old Mexico to ancient Egypt. Responsible for the colorful affairs were the presidents of each of the women's service clubs on the campus. They are, left to right, Miss Billie Johnson, chief official of Las Meninas; Miss Evelyn Richards, president of Moavs; Miss LaVonne Frandson, Supreme Spinster; Miss Betty West, head of Las Gitanas; and Miss June Robertson, president of the Piloteers.

CHAT AWHILE with BETTY

I CAN'T UNDERSTAND IT
Writing poems is a juvenile pastime.

(For instance, when one is tempted to rhyme pastime with "last time").

Yet Dorothy Parker and Samuel Hoffenstein
Make dough with their stuff
when often mine
Is just as lacking in sense, meter,
and rhyme.

Sensational question of the week: Will a certain society affair scheduled for a day early in the week make announcement which verifies the rumor that a certain well-known, long-separated couple are about to go back together again?

Mrs. James Irvine, sequestered more or less in the Bermuda-blue beach retreat of the family, yesterday hosted an eightsome for lunch and bridge—namely Mrs. Ray Chandler, Mrs. Howard Rapp, Mrs. L. E. Landis, Mrs. Z. E. West, Mrs. Sara J. Haddon, Mrs. Paul Dinsmore, and Mrs. Leonard Swales. Rumor hath it that tonight she is entertaining at an intimate little dinner in honor of the anniversary of her lesser half.

Her son and daughter-in-law, the William Thornton White jr. (Just Plain Bill to you) are now comfortably ensconced in their own bay-shore residence, a very good-sized stone's throw from the maternal domicile.

The problem of moving seems to have taken the younger set by storm. The newlyweds, Mr. and Mrs. Vincent Borchard, have just tucked themselves away in a country ranch-house, and the Quincy Harbys are moving today into a spot with more nursery room. Eleanor and Ed Farnsworth stole a march on the others by moving last week—out to an 11-room Mexican-style farmhouse with a huge livingroom and two fireplaces, and arc-lights all around so hours of solitude won't be too fear-inspiring for Mrs. F.

The possibility of a costume dance for Tux and Gowners was all washed up this week when the board of directors met and vetoed the proposition. General consensus of opinion was that masks are awfully hot, and that costumes are awfully hard to get—and besides, the Country Club dance next Saturday is sort of stealing their stuff. So the customary formal will be in order.

Incidentally, a perfectly marvelous Sheikh's costume possessed by Ed Hall is going wearier-less because of his scheduled histrionics in the Community Play that same night. Both he and the raventressed Beth West are carrying supporting roles in the play, and as a consequence, Margaret Hall and Frank West are dating it at the Comus club formal affair Thursday, the night of dress-rehearsal.

After rambling through the hinterlands, the Mortimer Plums are once again nested down in their adorable house on Edgewood Drive. Both are completely sold on the beauties of Oregon, where they drove when and where they pleased.

It was really a pretty smart idea that they had. More or less picturing themselves as foreigners touring a new country, they returned really to get the lowdown on their points of stoppage. They learned amazing things, too. Such as that in all the miles of Oregon

there are one-third less inhabitants than are in Los Angeles—a bare million, to be exact. And that with such population throughout the state, one Portland department store alone carries \$6,000 charge accounts and does \$19,000,000 worth of business per year. And that Eugene, with its hoary university buildings and rambling, lazy, pellucid millrace is God's gift to collegians. They made inquiries as to three Santa Ana co-eds there enrolled—Erin Emison, Caro Cogan, and Helen Andrews—but inasmuch as it was Sunday, were unsuccessful in locating them.

Gossip rumor of the week: that the diamond ring Gladys Marguerat, lassome Sigma Theta, is sporting was put on the fourth by one David Hill (scion of Hill and Carden)—and that wedding bells will ring out sometime this winter.

Big Game News: Roy Langley, I hear, came back from his hunting trip with Eddie Holmes et company boasting not only elk, moose, and deer, but a bum leg. Fay Hochstrasser bagged the limit of pheasants over in the wilds of Arizona, and George Briggs is wondering what disposition to make of his latest acquisition in the way of Alaskan horns.

Horace Stevens, more gently disposed, is trout-fishing in the streams near Bishop.

Operator K77347 tells me a tale of a Tiltan haired matron in the south part of town who was invited to visit the son of a much distant cousin to her home for a month or so. The young chap arrived in Santa Ana, and it being impossible for his hostess to meet him, she naturally expected him to come right down to the house. But alas and alack, the poor boy knew neither the name nor the street number of his hostess, and had to long distance his mother, several states away, for both!

Which is carrying family relationship to a sad state, methinks.

And then there's the story of the matron who, giving a recent dinner party, let it be known that she was particularly proud of serving chickens that had never-touched-the-ground!

A good definition would be much appreciated.

Social notes:
It would seem that that previously eyebrow-lifting phrase, cocktail party, was now completely above-board.

Inflection of lid over eyeballs. When one makes reference to cocktails and highballs.

Seen here and there: Florence McFadden, beautiful as ever at a junior high school tea; Frances Nall, vivacious ditto; ditto ditto; Ruth Rowland with a stunning lid of pink carnations topping her blue frock when she was featured speaker at the A.A.U.W.; a most attractive red-head, Kate Swaffer, making delectable candies for Florence Nalle's and Ruth Ranney's party; Mrs. Lloyd Chenoweth very unhappy about the insect-bites that have interfered with her hand maneuvering; Mrs. Rufus Bond unhappily laid up after a fall on Riverside Drive—but who could pick a more elite place to have a fall than Riverside Drive, unless it be Heliotrope Drive? . . . Pauline White appears

everywhere in dark glasses and assuring everyone that she hadn't bumped into a doornob; and Marian Scott looking stunning in a chaste wool coat over a black frock.

Beth Harwood tells the sad story of the bickering young couple who couldn't agree on whether it was conforming to contract rules for the one on the dealer's right to replace a cut deck of cards. Instead of leaving it to the dealer to do. So they wrote Eli Culbertson.

His answer was "Yes. \$100 please."

They appealed to their lawyer, who assured them that E. C. had a right to charge for professional advice. Insult was added to injury by his billing them \$10 for his professional advice.

Moral: Don't let family squabbles get out of hand.

Audrey Zaiser has cut that madonna-hair of hers, and looks like an engaging little girl on a Valentine.

Sherrill Spurgeon Rice whipped over to Salt Lake this week to help Mrs. Fon Hazlitt (Marcia Keeler) and her infant get settled in their new home—and Ann and Art Wade are vacationing in San Francisco—wards this weekend. The J. E. Pauls are roaming in Panama, and the O. H. Barrs have been having a marvelous trip through the canal, and will soon be driving home.

Observation:

Wandering husbands on the loose
Have a penchant for beach rendezvous.

Having been generous to the broadcasters of the World Series and not lured their listeners away at eleven-thirty on the mornings of last week, the silver-voiced joy of the air has decided it would be only fair to give the football craters of Saturday the same break.

So during the winter season, Mrs. Orange County, your Chat Awhile With Betty over KVOE will come on Tuesday, Thursday, and Friday instead of Saturdays.

With apologies for this hit and miss effort, I go into hiding for the week-end.

See you next Saturday!
—BETTY GUILD

SACKERSONS FETE FRIENDS

Mr. and Mrs. Clarence Sackerson entertained a group of friends at an intimate little party in their home, 1701 South Van Ness street, Thursday evening, with bowls of flowers in autumn tints adding gay touches to the rooms.

Dr. and Mrs. Perry Davis, Mr. and Mrs. Joseph Lister, Mr. and Mrs. Virgil Harmon, were the guests who filled the two tables for contract. At the close of play, Mrs. Lister and Mr. Harmon were awarded prizes. The hostess then served a light refreshment course at the small tables.

BENEFIT CARD PARTY

The Amber Circle of Hermosa Order of Eastern Star will entertain at a public benefit card party in the Masonic Temple lodge at 8 p. m. Monday, Oct. 18. Both auction and contract games will be arranged, with Mrs. Joe Smith in charge of refreshments and Mrs. Vera Jacoby, prizes.

Mexico Forms Motif For Dinner

All the gaiety and color of old Mexico provided a festive background in the Villa Park home of Miss Grace Adams yesterday evening for a Spanish dinner served to 30 rushees of Las Meninas, women's jayssee service club.

Marching along the dinner tables in a continuous parade were lazy donkeys drawing tiny Mexican carts laden with fruits. Adding bright splashes of color against the walls were huge multi-colored serapes and large sombreros.

A typical Mexican menu was served to the group. The early dinner hour made it possible for the Meninas members to take some of their pledges to the Santa Ana Junior college football game being played at San Bernardino.

Committee chairmen in charge of arrangements included Miss Josephine Butler, decorator, and Robert Nichols, favors; Miss Grace Adams, appointments; and Miss Billie Johnson, president of the group, refreshments.

Miss Genevieve Humiston and Miss Dorothy Decker, advisors of the club, were present to greet the group of rushees. Members there as hostesses were the Misses Irene McFarland, Aileen Gibbs, Persis Davis, Dorothy Newman, Dorothy Jenkins, Josephine Butler, Roberta Nichols, Grace Adams, Ioline Smith, Joan McBurney, Isa Grace Young, Helen Lowe, Velma Kuchel, and Billie Johnson.

SHOWER FETES ENGAGED COUPLE

A Tom Thumb wedding was the high light of a lovely wedding shower Thursday night which honored Miss Irene McKee, and Maria Edward Newland, who will be married at 8:30 o'clock tomorrow evening. The young people of the Four Square church were hosts and hostesses.

Pink and white streamers were used throughout the Y. M. C. A. recreation hall, scene of the party, and dainty refreshments were served to the group when the bride-elect finished opening her gifts.

Mr. and Mrs. George Sherry of Costa Mesa offered a musical program, playing the piano and violin, while John Haskell sang a selection. To complete the entertainment, Miss Rachel Good gave a musical reading and Dorothy and Pat Ann Rosemeyer sang.

Bonnie June Parham, daughter of the Rev. and Mrs. W. C. Parham, while performing the ceremony, was the charming bride for the miniature rites. Bobbie Dobson was the bridegroom. Their party of attendants was composed of Pat Ann Rosemeyer, maid of honor; Buddy McCament, best man; Dorothy Rosemeyer, ring bearer; Chadwick Williams, usher; Charlotte Mushrush, flower girl; Mima Mushrush, train-bearer, and Jerry May, ring-bearer. Villora McCament played the wedding march and accompanied Norma Jean Deardorff, as she sang "I Love You Truly." Betty Jo Williams performed the ceremony.

Sherrill Spurgeon Rice whipped over to Salt Lake this week to help Mrs. Fon Hazlitt (Marcia Keeler) and her infant get settled in their new home—and Ann and Art Wade are vacationing in San Francisco—wards this weekend. The J. E. Pauls are roaming in Panama, and the O. H. Barrs have been having a marvelous trip through the canal, and will soon be driving home.

ALTRUSANS MAKE PLANS FOR PUBLICATION

Problems of the publishing of the "Round-Up," district paper of the Altru club, were discussed Thursday evening when the Santa Ana members met with Miss Dewey Neumeier, 216 East Walnut street, for a short business session.

The paper will be mimeographed by Miss Nell Donovan and will be ready for issuance at the first club meeting at 8 o'clock, November 1. Miss Neumeier also read an invitation to attend a dinner given by the Long Beach chapter within a few weeks to honor Miss Rixie Bennett of Los Angeles, district president.

Present for the session were Miss Nell Donovan, Miss Mary Andrews, Miss Helen Gallagher, Miss Grace Elizabeth Lansing, Miss Irene McFarland, and Mrs. Eleanor Elliott.

Placentia Is Setting Of Wedding

Culminating a romance which had its beginning several years ago, when the bride was a student at Scripps College in Claremont, Miss Leonora Pierotti, daughter of Mr. and Mrs. Attilio Pierotti of Placentia and Clifford Hugh Thomas, son of Mr. and Mrs. Hugh H. Thomas of Cucamonga, were to be married this evening at 8 o'clock at the home of the bride's parents on North Bradford avenue, Placentia.

Dr. Frank M. Dowling, pastor emeritus of the First Christian church in Fullerton and friend of the family for many years, was to read the beautifully impressive nuptial service, witnessed by a group of more than 250 friends and relatives of the couple.

White flowers and greenery were arranged to form a low altar in a recessed archway before the mantle in the large living room, and innumerable candles, set in torches, added the loveliness of their light. White flowers were used in profusion throughout the rooms.

Miss Pierotti, to be given in marriage by her father, chose a lovely soft white satin for her wedding gown, fashioned in the moynage style, her gown had long fitted sleeves and a long train. Small white calla lilies tied with white satin formed her bouquet.

Mrs. Webster Haven Thomas of Cucamonga, matron of honor, was to wear a period style gown of red velvet, with white flowers. Webster Haven Thomas, husband of the matron of honor, was named best man. Ernest L. Pierotti, Donald E. Pierotti, brothers of the bride, and W. E. Poulson and A. E. Van Fleet of Los Angeles, friends of the groom, were chosen as ushers.

Mrs. Pierotti, mother of the bride, chose a frock of periwinkle blue marquisette and lace and the groom's mother wore black lace. Both wore corsages of lilies of the valley and gardenias.

A reception for guests was planned before the new Mr. and Mrs. Thomas took their departure for a wedding trip.

Mrs. Pierotti was to be assisted in serving her guests by her daughter-in-law, Mrs. E. L. Pierotti, her sisters, Mrs. John Mennes and Mrs. Lily Strain Frank, her nieces, Maxine and Lucille Kramer and Aileen Frank, and Mrs. Herbert Peyton.

Italian gardens at the Pierotti home, which were planted about ten years ago after Mr. and Mrs. Pierotti had returned from a visit in Italy, were flood-lighted for the evening, and were beautiful with fall blooms. The bride's family is included among the very first of Placentia district pioneers. Her father, a native of Lucca, Italy, located in California in 1878, and has had much to do with securing of water rights and the building of the citrus industry of the section. Her maternal grandparents, the late Mr. and Mrs. Thomas Strain, located in the district in 1882.

Mr. Thomas is a rancher, and with his father has extensive citrus and vineyard interests in the Cucamonga district. He is a graduate of the University of Alabama at Tuscaloosa, and a member of Delta Kappa Epsilon fraternity. His bride attended Placentia Grammar schools, Fullerton Union High school, Scripps college and Chouinard School of Art in Los Angeles. She is an Interior Stylist at Bullocks, Inc., Los Angeles, and will continue with her work.

RECENT BRIDE ENTERTAINS AT DINNER

Because Mrs. John Thompson (Janice Johnson) is a bride of only a few weeks, her guests last night took special pleasure in inspecting her new home at 715 West Fourth street when she entertained an intimate group of friends at a pot-luck supper.

Mrs. Thompson had used blue and white flowers in her living room and set her table for the dinner with gay cloths and bright pottery. The evening was spent informally in sewing and playing cards.

Guests at last night's party were Mrs. Al Markel, Mrs. Robert Schwarm, Mrs. Alex Clark, Mrs. Verne Wilson, Miss Nadene Johnson, Miss Henrietta Rurup, Miss Melva Thorpe, Miss Marguerite Danni, Miss Edna Wilson, Miss Frances Crowther, Miss Margaret Blackwood.

SANTA ANA CHURCHES WELCOME YOU SERMONETTE

(ON THIS WEEK'S CHURCH SCHOOL LESSON)

By Glenn L. Thorne

"SHUT YOUR ASH PAN"

A traveler tells a story of seeing a curious sign painted conspicuously beside a railroad track where it would attract the attention of the engineer of passing trains. It read "Shut your ash pan." Upon inquiry he learned it was a warning to engineers that they were approaching a long wooden bridge, and hot coals dropped on it might set the bridge on fire. It set the traveler thinking about the careless way in which men scatter hot, provoking words, regardless of what passions they might set on fire. "Close your ash pan" is a good warning to heed. Indiscreet talking is responsible for a great amount of mischief. W. W. CLAY.

forth contrary statements. The heart condition of the speaker, the inward stand and motive, are essential in giving value and direction to the influence of one's words. The condition of the supply determines the character of that sent forth. The tree and vine will bear fruit according to the nature of the plant. So it is that the cure for bad conversation, for hypocritical speech, for the evil tongue, is to change the nature.

A changed nature is no mere outside cloak of "smooth" talking. We have all heard of false of the wolf who wanted to get into the sheep fold. First he called and asked the sheep to let him in, that he was their friend and would not hurt them. But the sheep said "No, your coat looks like a wolf's coat, and we know a wolf is never a friend of sheep." He then found an old sheepskin and covered himself with that. He went again to the sheep-fold, knocked, and said one of their friends wished to see them. A young lamb was just about to open the door, when an old sheep cried "Wait, his coat may be that of a sheep, but his voice is that of a wolf." His voice gave him away and he did not gain entrance.

Words are among the most serious influences in the world. It does make a difference what one says, how he talks. What one says must be supported by the character and behavior, but words must be used. Words carry meaning and the hearer receives impressions and ideas which affect life. The quotation from Emerson that "what you do speaks as loud as what you say," has probably been overworked so that we have not taken the influence of words as seriously as we ought to. If words were not powerful in their influence we would not have been warned to "take heed how ye hear."

It has also been said that one "might

as well say a thing as to think it." But this is not so. It may be true of the individual himself but what he says has its effect upon countless others. James says "Behold, how great a matter a little fire kindleth" and says the "tongue is a fire." How true this is. A carelessly thrown match has often resulted in thousands of dollars of damage to one's self and others. That same match applied to kindling a fire under a boiler, could have resulted instead in a fire creating great steam power with untold benefit to mankind. I heard Bud Robinson tell one time that he had seen cows stand on one side of a fence and lick a calf all over on the other—but had seen two neighbors over a back fence lick every one in the neighborhood with their tongues. Which may be true. But I have also seen two neighbors tell the good qualities of some good man—perhaps a doctor or minister. How different the result, how much better—and how much more pleasant conversation! The tongue is just as great a power for good as for evil if used rightly!

There is an old set of rules regarding speaking of others that needs frequent renewal "When you are about to say something uncomplimentary about another, stop and ask yourself three questions: (1) Are you sure that what you are about to tell is true, not simply rumor? (2) It is necessary to tell it? (3) It is kind for you to tell it?" And in my old country-school reader was the counsel, "If wisdom's ways you wisely seek, five things observe with care: of whom you speak, to whom you speak, why and when and where."

In our use of words we should remember what Will Carlton once said, that Boys flying kites haul in their white-winged birds; You can't do that when you're flying words. Thoughts unexpressed may sometimes fall back dead; But God himself can't kill them when they're said.

Words spoken and deeds done are said and done forever. Confession and apology may secure forgiveness but this does not always entirely heal the wound. Let us not close this lesson without making a personal application. What about our own tongue? How well do we have it under control? Are our words helpful, does our conversation elevate, or are we contentious and argumentative? Are we thoughtless and harsh, perhaps talk too much? Let us remember the admonition of James in particular, and the Bible as a whole. Perhaps Solomon in his wisdom summed the whole matter up in few words when he said in Prov. 15:2 "The tongue of the wise useth knowledge aright; but the mouth of fools poureth out foolishness."

NELSON ... Admiral Horatio Nelson, by a quirk of fate, was taken home embalmed in brandy from a battle he had planned with wine! On Sept. 10, 1805, Nelson sketched his plan of action for the forthcoming naval battle at Trafalgar on a tablecloth in the White Lodge Tavern, near London, using wine instead of ink. Three days later — Friday the 13th Nelson left to meet victory in death. Nelson's wine-planned strategy annihilated the French fleet off Cape Trafalgar, Spain, on Oct. 21st, but Nelson himself was killed in the action by a French sniper's bullet. The ship's surgeon aboard Nelson, flagship, "Victory," was forced by necessity to embalm Nelson's body in a large cask filled with brandy! In this manner he was returned home, the brandy being changed at intervals. The strange device was successful, and Nelson was laid to rest in St. Paul's Cathedral in a lead casket.

Ahoy, Telephone Users

It doesn't take a crystal-gazer to predict that within a few years Santa Ana's environs will become thickly enough populated to warrant special non-toll telephone rates on suburban calls.

Such a system already is in effect in Los Angeles; and San Francisco and San Diego are raising the roof of the railroad commission to get a similar arrangement. Under the plan now prevailing here, Mrs. Jones of Santa Ana can call Mrs. Smith of Orange for a 5-cent toll. If there are 10 calls a month, the cost is 50 cents in addition to the regular monthly rate.

But under the extended area plan, in effect in Los Angeles, Mrs. Jones could pay a few cents extra a month flat rate, and have the privilege of calling Mrs. Smith, or anyone else in a nearby exchange, as many times as she wished at no extra charge.

When Main street is built up without a break in homes and business houses, between Santa Ana and Orange, then community interests and needs will have merged to a point where one big telephone network probably will do the job for all much more efficiently and economically than the dual exchange method now in operation.

That is, of course, unless by that time telephones have become obsolete, and we are all using our own private portable vest-pocket two-way television and radio sets.

Members of Mississippi State's 1895 football team, which lost all of its games, will be the college's guests at the annual homecoming this fall. The boys have been forgiven at last.

An Eyefull for the Driver

If you really want to cut down automobile accidents on the highways, there is one way to do it. At least, that is what Arthur Capper, U. S. senator from Kansas, believes. He says put the engines in the rear of the cars and set the drivers right up front, and watch the number of collisions greatly decrease.

Make the motorist feel more responsible for the safety of his fellow travelers and himself, is Capper's idea. Also, add to the visibility of the road.

"Trouble with the long engine hood," Senator Capper maintains, "is that the driver does not have the feeling that if his car collides with something he will be part of the collision himself. If he were perched up front, he might realize that when his car hits another car or some other obstruction he will be right where the hitting is going on."

Reports are that motor car designers are headed in the direction of a rear-engine machine, not for the reason that Capper favors it, but for streamlining and efficiency purposes. If and when that development arrives, the traveling public may also receive a large quota of additional safety as a highly welcome by-product.

"Germany Guarantees Belgium's Neutrality." Well, remembering certain history, what nation could more appropriately make such a guarantee?

What We Don't Need

Sponsors of the scheme for a national lottery to raise government revenue are encouraged by the announcement of Rep. Lameck of Ohio that he will ask the house ways and means committee, of which he is a member, to consider sending a lottery bill out for debate in congress.

It is argued that the government could raise a billion dollars a year through a national lottery. In other words, millions of suckers would pay two or three times a billion dollars for lottery tickets. The government would take its billion and the expense of conducting the lottery would be paid. Then the rest of the money would be divided among a comparatively few winners.

If there were no other objections to it, we think this proposal should be condemned because it is offered as a "painless" method of raising government revenue. Like the hidden taxes we have now, it would drain money from the pockets of the poor and lighten the tax burden that should be borne by those best able to pay. The country needs a revenue system that will make every citizen realize how much he pays toward the cost of government. It doesn't need any new slick scheme to play the American people for suckers.

Picking a postmaster general isn't so difficult. You just get a politician who will promise to leave the mail service alone.

Troubles of a Caesar

Mussolini, like the Japanese war lords, is finding out that this conquering of other people isn't all whoop-la and glory.

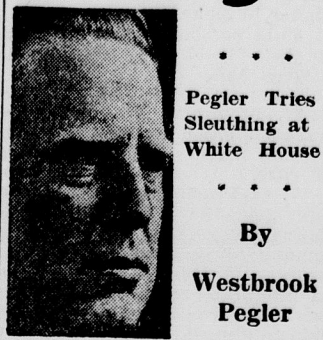

The current Italian Caesar recently set about establishing a "black army" of 500,000 men, conscripted able-bodied Ethiopians. All went fairly well until these forces, after preliminary training, were armed. Then they proceeded to mutiny and to kill many Italians.

With the result that now, the dispatches say, "appalling reprisals" have had to be carried out by Il Duce's agents. Refugees reaching adjoining countries report widespread revolts in Ethiopia.

How serious the matter probably has been is indicated by an official admission in Rome that 41 Italian officers and 17 of other ranks have been killed. When the government admits this much, the Ethiopian toll must have been heavy.

FAIR Enough

Pegler Tries Sleuthing at White House

By Westbrook Pegler

Writing of the family party at the White House the night before Mr. Roosevelt delivered the latest of his fireside chats, Mrs. Roosevelt, in her newspaper column for Tuesday, revealed that there had been dancing and singing to the music of an unnamed guest.

It would be unmannerly to intrude in this private circle but for the fact that Mrs. Roosevelt herself, in the course of her employment as a professional journalist, has opened the door and bade us all in.

"It suddenly occurred to us at dinner," she wrote, "that we would like to dance afterward. My brother and I decided that we would search the household for someone who could play the piano. At first we could find no one. Then it occurred to us that there was a gentleman coming in to do work who was musical and might be diverted into playing. We corralled him and he not only played dance music for us, but later the entire party gathered around the piano and sang. My husband had as good a time as anyone and amused us all enormously by singing one or two old college songs."

IT WAS 3 A. M.

"This gay evening meant work afterward for several of the party. When I went in to see my husband this morning he looked at me disgustedly and said, 'It was 3 o'clock this morning before I went to sleep.'"

Having rather pointedly omitted having rather pointedly omitted the name of the gentleman who came to do some work who played so attractively while the rest of them danced and sang, and the President amused them all enormously with one or two old college songs, Mrs. Roosevelt challenges us all to a guessing game.

Don't tell us. Let us guess. Charlie Mike? No, not old Charlie. Did you ever see him? Marvin McIntyre? Not the type. Very apathetic, goes to bed early so as to be up at dawn for six weeks with a trainer, an old middleweight fighter.

Stanley High? Stanley doesn't live there any more. Then who is that comes in at the White House to do some work and plays not only the piano but the accordion and the guitar, knows all the old college songs by heart, collaborates with Mr. Roosevelt on his fireside chats and most important clue to all has a studied habit of keeping men up to all hours of the night?

"WHITE HOUSE" TOMMY Could it be Tommy Corcoran, "White House" Tommy, as they call him in Washington? Tommy the cork to the President, the most active spook among the mysterious legion of literary and political wraiths who clank their chains through the corridors of the government and press the cold finger of terror on well-fed clunkers in their sleep?

We seem to be getting hot, for this was the night before the chat that the gentleman came in to do some work, and who else fits the description of Tommy Corcoran written by Alva Johnston wherein she said that Tommy plays Mr. Roosevelt's favorite tunes, that he knows no hours, and that he often goes to the White House to do some work, especially on Presidential speeches to the country? All these clues point to "White House" Tommy as the man behind the mike while all of us and listened Tuesday night, but the tip-off seems to lie in the line where Mrs. Roosevelt reveals that the President looked at her disconsolately and said, "It was 3 o'clock this morning before I went to sleep." For Mr. Johnston put stress on "White House" Tommy's practice of eating sugar pills to keep alert after midnight.

If this deduction be correct, it is proposed that next time, after the gentleman who plays the piano has been in to do some work, the billing for the fireside chat be changed to read as follows:

"Thomas Corcoran will address his subjects on the state of the nation tonight through the courtesy of the broadcasting companies and the President of the United States."

Bright Moments

Letitia Bonaparte, mother of the illustrious Napoleon, deplored the conditions which existed in the French court, with women using powders, rouges and perfumes. She detested the man and the theatrical etiquette which marked the court, and while she was a well-bred woman, could not control herself when speaking of those with whom Napoleon surrounded himself. One day she spoke to her son, and to his surprise said: "How this all bores me! I have never a moment to myself. I was born to be the wife of a workman."

The Merry-Go-Round

By DREW PEARSON and ROBERT S. ALLEN

Old members of supreme court taking pains to be cordial to Black; Hughes feels he must be defended to maintain dignity of them all; Gaston B. Means seriously ill in federal jail; Reuses operation; British rearmament still year and half behind; playing waiting game.

WASHINGTON. — The "Eight Old Men" of the supreme court are going out of their way to show the utmost personal cordiality toward the "New Young Man."

Not only are they leaning over backward to make him feel welcome, but their wives are extending themselves to be gracious to Mrs. Black. They have exchanged hard-bitten anti-New Dealer neighborly calls, and in other tactful ways have conveyed their goodwill and friendship.

While all the veterans of the bench have taken special pains to be nice to Black, the Catholic Justice Butler, the Jewish Brandeis and Cardozo, and McReynolds, have been particularly courteous.

At their first meeting in the robing room, Butler made a friendly suggestion to Black about the fit of his judicial gown. Cardozo gave Black a fatherly pat on the back; Brandeis shook his head warmly and inquired about Mrs. Black and their youngest son, who was ill last spring. Justice McReynolds was equally affable. Reynolds was equally affable.

When Justice Cardozo took his seat on the court, McReynolds noisily read a newspaper. For several years thereafter he addressed Cardozo only in the transaction of official business. But this time the Tennessee was the acme of courtesy. He told Black he was happy to have a fellow-Southerner as a colleague, spoke of mutual friends.

HUGHES' WORK
Court insiders give Chief Justice Hughes principal credit for the warmth of Black's reception. They say Hughes personally contacted each of the justices and discreetly suggested that no hint of personal or partisan hostility be displayed toward Black.

Friends of the chief justice say he resents deeply the fusillades against his new colleague, for the same reason he opposed the President's court bill. Hughes considers the attacks on the dignity and integrity of the supreme court. To express his disapproval he is being especially cordial to Black.

GASTON B. MEANS

NOTE—Means got his start falling out of upper berths, then suing the railroad company for damages. He was so successful at it that the insurance companies eventually hired him to detect this racket on the part of others.

Public opinion, or what somebody in office imagines to be public opinion, is our ruler. If public opinion is active, the politicians and people sit up and take notice. There is a definite need for entire rethinking and thinking on public matters. Honest, intelligent fair discussion of our problems is immensely useful. WAY OF TRANSGRESSOR

To the Editor: An interesting occurrence in the stern and harsh methods of the law happened in the byways of Santa Ana yesterday afternoon.

Two wayfarers were placidly driving along South Main street, gazing at the trim lawns and nice homes. They were in the 25-mile zone, just short of Edinger street, when two fair damsels in a new V-8 Ford whizzed by.

A toot of their horn, for those in front to give them the whole street, these two fair damsels sped towards the beach at 40 or so miles per hour. They whizzed by the intersection at Edinger, a mere corner meaning nothing in their young lives.

But alas, behind the glistening white stucco walls of the corner store sat the law. Tromping on the starting pedal of his motor bike the officer took after the culprits, they must be brought to justice.

His majesty the law caught up with the ladies just beyond the old sugar factory, forcing their shining vehicle to the curb. He doffed his cap in a courteous manner and proceeded to reprimand them in the stern voice of the law.

So far as the two wayfarers, who were serenely driving along, could see, there was no ticket given, instead probably just the sound advice of cautious driving, the ladies must realize that those that exceeded the speed limits of the city must pay the penalty set by law.

(A word of warning for fair ladies, a nice fine for speeding young Lochivars.)

After the officer had severely chastized the damsels, and warned them that they must go slower for their own sakes as well as others who use the highways and byways of our great country, he sent them on their way with a smile.

With a Hi-De-Hi and a Hi-De-Do, the damsels again continued their journey at a safe and sane speed, that is until the law had turned its back. Then the young ladies, smiling up their backs, no doubt, caressed the throttle gently and passed the two wayfarers, the motor of their shining car humming, and the bright wheels turning at the terrific speed of 60 miles per hour.

The moral if there be one, is: A word to the wise is sufficient, but to the modern maid it is a dare.

Pardon the lack of a signature, but after 15 years in the neighborhood, and knowing how the wheels of justice turn it is best that one of the wayfarers sign off with the initials M. D.

JARRING THE LAWYERS

To the Editor: I write to express the wish that the bar associations would stop assuming that the people are perturbed by President Roosevelt's very evident intention to jar the lawyers from their present stranglehold on the course of life in this country, a country which started with the gallant intention of avoiding the desolation of legal domination.

PLENTY OF CARS
California now has the largest number of automobiles of any state, passing New York, which formerly was first in registrations. Whether this is due to an asset or a liability, however, depends on the point of view. It is possible that the number of home owners goes down as the number of automobile owners goes up.—Fullerton News-Tribune

I'll Tell You
By BOB BURNS

There ain't no question in my mind but what the ingenuity of the American people is the cause of this bein' the wonderful country it is today.

You don't see this trait in the city people so much nowadays because science has just about got everything under control; but back home we still have a lotta things out for ourselves.

One of the best examples of this is our old country doctor—old Doc Hocks. This new-fangled diseases are comin' out faster than he can keep up with 'em and once in a while he has'ta fall back on his ingenuity. Not long ago he was called in on one of those new-fangled cases and it had him puzzled for a long time.

Finally he asked the man's wife for a glass of water. He says, "I wanta give him some medicine."
The man's wife says, "Oh, you've found out what's ailin' him!" Dr. Hocks says, "No, but this medicine will throw him into a chill and there ain't nobody in the world can beat me curin' a chill!"

NOT A MAN-EATER
He was considerably puzzled as to what to do about the cat. Finally he hit upon a bright idea. He left the following note under his neighbor's door:

"Dear Mr. : Would you please put out a little food each morning for my cat? He will eat almost anything, but don't put yourself out."

"Sir, when you eat here you do not need to dust off the plate." "Beg pardon, force of habit, I'm an umpire."—Tyro Graphic.

WHIMSIES

DAY BY DAY

With O. O. MCINTYRE

NEW YORK. — Purely personal piffle: I never saw a newspaper woman act like Glenda Farrell plays her on the screen. Good old back country talk: "I don't know which-way he went. My first column efforts on a small daily were captioned: What They Say! Separated with dots . . . like . . . this!"

I'm still ga-ga about Harriet Hecter and Carole Lombard. First choice in masculine diction: Herbert Marshall. Major Bowes gets repeat requests for the poem, "The best things in life are free," than any other. Maj. Raymond Dickson's name for mystery novels: "Whodunit books."

A wasp once knocked me backwards out of a pony cart. It always tickled me that Ziegfeld could not carry a tune. The book that made me laugh loudest in my youth was "Three Men in a Boat," by Jerome K. Jerome. Recently I read it without a chuckle. Incidentally, how Jimmy Walker must be chuckling!

Swell description of a full moon: A bright coin in the palm of night. Hearing spirituals gives me the miseries. I always have a feeling a gust of wind might blow Miriam Hopkins away. I am the Cosmo-politan's oldest contributor in point of service—15 years without a break.

The tragedy of Amelia Earhart was her flight was of little value to science. Air conditioned restaurants have given the roadside eating places a problem. Art for art's sake: Those occasional readings by Mrs. Richard Mansfield for the true lovers of the classics. The most enthusiastic Mark Twain fan I know is H. T. Webster, the cartoonist. England's greatest showman, Charles B. Cochran, began his career with Hubert's Dime Museum. I can eat myself sick—and have—on watermelon right pickles.

The most interesting sight in Vienna was the sidewalk cafe where the monocolored Ferenc Molnar came at the precise hour each late afternoon to sip his double brandy. Anyone handling a monocle expertly is my hero. The keenest student of government I know believes that, had Huey Long lived 10 years longer, he would have been America's dictator. He believed John L. Lewis is headed for the same post, although lacking the cleverness of Long. The only worth-while dish I ever found in England was the meat pudding at the venerable Cheshire Cheese. For shuddery reading I'll take Julian Green.

Twilight happiness: Irvin Cobb's mother's last year was spent sitting at a window watching the building of the fine hotel in Paducah that bears her son's name. Every so often I have to eat a meal at Schrafft's—nothing else will satisfy. I blow hot and cold about Clark Gable in the big man roles. The man who could kid others with the straightest face I ever saw was "Pop" Gibson, veteran art editor. Walter Catlett is a runner-up. I haven't heard any moderns on the radio put out a song better than Jack Norworth. For many years I ended informal letters to both men and women with "Love and kisses," until a lawyer warned me I was playing with dynamite.

No radio program can get out of a rut more quickly than Amos n' Andy. And nobody but a columnist can appreciate the daily grind they endure. The funniest story ever heard was Basil Woon, in high top, going to a dual estate for dinner and being chased all over the English countryside by a turkey. He finally had to swim a creek to get away from the thing.

Shameful confession: I have a stack of more than a thousand letters that should have been answered long ago. All one has to do to understand why such shows as The Follies, Vanities and Scandals died is to see an 85-cent production at Music Hall. That's the answer! When a discussion of classical music comes up my wife can make me twist in my chair by mentioning casually that I was once a second mandolinist in a dance orchestra. And then begs me to play "Over the Waves" for the guests. I'll drop anything I'm doing and go anywhere at any time to see a new Donald Duck film.

Second childhood item: Uncle Don's kiddie tales interest me. And any time they bring me food with a "whisper of garlic" I beam. In old old times Peruvian 6's are known as "Odd McIntyres," for goodness sakes!
